INTRODUCTION SECTION

Oklahoma's Most Connected City

425 EAST DEWEY AVENUE
P.O. BOX 1130 • SAPULPA, OK 74067

March 3, 2017

To the Honorable Mayor Reg Green, City Councilors, and Citizens:

We are pleased to submit to you the Comprehensive Annual Financial Report (CAFR) of the City of Sapulpa for the fiscal year ended June 30, 2016. The report was prepared by the Finance Department of the City of Sapulpa to present the financial position of the City and the results of the City's financial operations in accordance with generally accepted accounting principles. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the City. We believe the data, as presented, is accurate in all material respects, and all disclosures necessary to enable the reader to gain the maximum understanding of the City's financial affairs have been included. The Management's Discussion and Analysis provide additional narrative and detailed analysis of the City's financial affairs, and we encourage readers to consider that information in conjunction with the information presented here.

To facilitate the understanding of the City's financial affairs, the CAFR is divided into the following sections:

- Introductory Section – Includes a table of contents, a letter of transmittal, the City's organizational chart, and a list of City Officials.
- Financial Section – Consists of the independent auditor's report, management's discussion and analysis, the basic financial statements, required supplementary information, and other supplementary information.
- Statistical Section – Presents unaudited financial, economic and demographic data and other information relative to the community.

Governmental Structure

The City of Sapulpa, the County seat of Creek County, Oklahoma, is located in the extreme northeast corner of the County, only twelve miles from the City of Tulsa, Oklahoma. The City lies astride Interstate Highway 44 (Turner Turnpike) connecting the cities of Tulsa and Oklahoma City. First incorporated prior to Oklahoma statehood, its first City Charter was adopted in 1910, with major revisions thereto in 1922, 1970, 2002, and 2005. Currently operating under a Municipal Charter form of Government pursuant to Oklahoma Statutes 1991, Sect. 13-101, et seq., the city is governed by a Board of Councilors consisting of ten councilors, two council members from each of five wards. The mayor is chosen from among the council itself. The City Council also serves as trustees of the Sapulpa Municipal Authority. The Mayor and Council appoint a City Manager, a City Attorney, and a City Treasurer. The responsibility for the day-to-day operations of the City rests with the City Manager.

Economic Conditions and Outlook

The primary measure of local economic activity is sales tax revenue. The City relies on sales tax revenue to fund its governmental operations. Sales tax revenue had no significant change from the prior fiscal year. Actual sales tax revenue received was 3.8% over the original amount budgeted.

In preparing the FY 2016/2017 budget City officials believe that the overall outlook for the City remains stable. However, due to reduced oil prices and the effect on the overall economy, sales tax is projected at a 3.8% decrease from FY 2015/16 actual receipts.

The other major revenue is the Sapulpa Municipal Authority (SMA) charges for service, which include water, sewer, and refuse revenue. The FY 2015/16 charges for service increased 9.7% over prior year. This was due in part to a 7.5% utility rate adjustment on July 1, 2015. The remainder was due to a return to normal production at the City's largest utility customer which had been reduced for several months the prior year. Revenues from utility charges were budgeted at a slight increase, 1.23%, over prior year actual for the FY 2016/2017 budget.

Overall economic outlook for the City looks positive. The City is experiencing growth in several ways, new apartment complexes, downtown building renovations, along with a new industrial park. Also an international cosmetics and skin care firm will open a distribution center in the Sapulpa area. Plans for this development also include offices, restaurants, and a training campus.

Acknowledgments

The preparation of this report is a combined effort of the staff of the Finance Department with the professional assistance of our consultants, Crawford & Associates, P.C., and our

independent auditors, Arledge & Associates, P.C. We would like to express our appreciation to all individuals who assisted in the preparation of this report.

We would also like to thank the Mayor and the members of the City Council for their leadership, encouragement and support in our effort to provide the citizens with quality services, management and financial reporting.

Respectfully submitted,

Joan Riley
City Manager

FINANCIAL SECTION

INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and Members of the City Council
City of Sapulpa, Oklahoma

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Sapulpa, Oklahoma (the "City"), as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City as of June 30, 2016, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, pension exhibits, and other post-employment benefits funding schedule, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, other supplementary information, and statistical section, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The other supplementary information, as listed in the table of contents, are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other information is fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated February 23, 2017, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

February 23, 2017

Our discussion and analysis of the City of Sapulpa's financial performance provides an overview of the City's financial activities for the fiscal year ended June 30, 2016. Please read it in conjunction with the City's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- For the fiscal year ended June 30, 2016, the City's total net position increased by \$4.8 million from the prior year.
- During the year, the City's expenses for governmental activities were \$17.3 million and were funded by program revenues of \$6.0 million and further funded with taxes, other general revenues and transfers that totaled \$14.8 million.
- In the City's business-type activities, such as utilities and golf course, total expenses exceeded program revenues by \$0.3 million and were funded in part with general revenues and transfers of \$1.7 million.
- At June 30, 2016, the General Fund reported an unassigned fund balance of \$0.4 million.
- For budgetary reporting purposes, the General Fund reported revenues under estimates by \$0.9 million or 4.1%, while expenditures were less than final appropriations by \$1.4 million or 6.4%.

OVERVIEW OF THE FINANCIAL STATEMENTS

The financial statements presented herein include all of the activities of the City of Sapulpa (the "City") and its component units using the integrated approach as prescribed by GASB Statement No. 34. Included in this report are government-wide statements for each of two categories of activities – governmental and business-type. The government-wide financial statements present the complete financial picture of the City from the economic resources measurement focus using the accrual basis of accounting. They present governmental activities and business-type activities separately and combined. These statements include all assets of the City (including infrastructure capital assets) as well as all liabilities (including all long-term debt), along with any inflows and outflows that are deferred.

Reporting the City as a Whole

The Statement of Net Position and the Statement of Activities

One of the most frequently asked questions about the City's finances is, "Has the City's overall financial condition improved, declined or remained steady over the past year?" The Statement of Net Position and the Statement of Activities report information about the City as a whole and about its activities in a way that helps answer this question. These statements include all assets, deferred inflows, liabilities, and deferred outflows using the accrual basis of accounting. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two government-wide statements report the City's net position and changes in them from the prior year. You can think of the City's net position – the difference between assets, deferred inflows, liabilities, and deferred outflows – as one way to measure the City's financial condition, or position. Over time, increases or decreases in the City's net position are one indicator of whether its financial health is improving, deteriorating, or remaining steady. However, you must consider other nonfinancial factors, such as changes in the City's tax base, the condition of the City's roads, and the quality of services to assess the overall health and performance of the City.

As mentioned above, in the Statement of Net Position and the Statement of Activities, we divide the City into two kinds of activities:

- Governmental activities -- Most of the City's basic services are reported here, including the police, fire, general administration, streets, and parks. Sales taxes, franchise fees, fines, and state and federal grants finance most of these activities.
- Business-type activities -- The City charges a fee to customers to help cover all or most of the cost of certain services it provides. The City's water, wastewater, sanitation, stormwater and golf course activities are reported here.

Reporting the City's Most Significant Funds

Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds – not the City as a whole. Some funds are required to be established by State law and by bond covenants. However, management establishes many other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants and other money.

Governmental funds -- Most of the City's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic service it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. The differences of results in the Governmental Fund financial statements to those in the Government-Wide financial statements are explained in a reconciliation following each Governmental Fund financial statement.

Proprietary funds -- When the City charges customers for the services it provides – whether to outside customers or to other units of the City – these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Position and the Statement of Revenues, Expenses and Changes in Fund Net Position. In fact, the City's enterprise funds are essentially the same as the business-type activities we report in the government-wide statements but provide more detail and additional information, such as cash flows.

A FINANCIAL ANALYSIS OF THE CITY AS A WHOLE

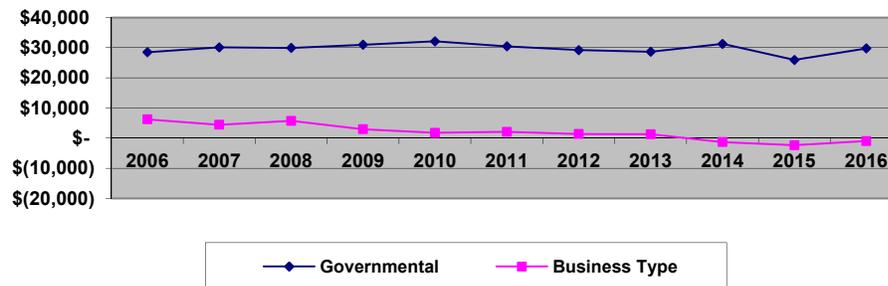

Net Position

The City's combined net position increased from \$23.6 million to \$28.4 million between fiscal years 2015 and 2016. A comparative, condensed presentation of net position follows (reported in thousands).

TABLE 1
NET POSITION (In Thousands)

	Governmental Activities		% Inc. (Dec.)	Business-Type Activities		% Inc. (Dec.)	Total		% Inc. (Dec.)

Net Position
(In Thousands)

Explanations for the more significant changes include:

Changes in Net Position

The City's implementation of new accounting standards during fiscal year 2015 had a significant impact on the governmental unrestricted net position for both fiscal years 2015 and 2016. The changes in accounting for pensions are designed to improve transparency regarding pension obligations by

requiring recognition of a liability equal to the net pension liability for the System's defined benefit plan and for a proportionate share of participation in the Oklahoma Police Pension Retirement System and the Oklahoma Fire Fighters Pension and Retirement System cost-sharing defined benefit plans. This standard requires recognition of pension expense using a systematic method designed to match the cost of pension benefits with service periods for eligible employees. These accounting policy changes do not impact the City's funding requirements for the pension plans. For fiscal year 2016 the City's deferred inflows related to pension activity decreased by \$1.4 million.

In the business-type activities, current liabilities and restricted net position decreased due mainly to the early draft from BancFirst for the debt payment on the 2012 Refunding Revenue Bonds. Also there is not a due to other funds for a temporary cash loan. In the prior year, these temporary loans totaled \$1 million. This also contributes to the overall net position change.

Looking at the total net position of governmental and business-type activities separately for current year operations, governmental activities increased \$3.4 million and business-type activities increased approximately \$1.4 million.

For the year ended June 30, 2016, the change in net position of the primary government was the result of the following (amounts are reported in thousands):

**TABLE 2
CHANGES IN NET POSITION (In Thousands)**

	Governmental Activities		% Inc. (Dec.)	Business-Type Activities		% Inc. (Dec.)	Total		% Inc. (Dec.)
	2016	2015		2016	2015		2016	2015

Wastewater	-	-	-	5,057	5,458	-7%	5,057	5,458	-7%
Sanitation	-	-	-	1,398	1,403	0%	1,398	1,403	0%
Stormwater	-	-	-	408	472	-14%	408	472	-14%
Golf operations	-	-	-	796	846	-6%	796	846	-6%
Total expenses	17,324	18,550	-7%	11,720	12,245	-4%	29,044	30,795	-6%
Excess (deficiency) before transfers	4,756	7,512	-37%	81	(1,372)	-106%	4,837	6,140	-21%
Transfers	(1,305)	(347)	276%	1,305	347	-276%	-	-	
Increase (decrease) in net position	\$ 3,451	\$ 7,165	-52%	\$ 1,386	\$ (1,025)	-235%	\$ 4,837	\$ 6,140	-21%

Explanations for the more significant changes include:

Capital grants and contributions - \$3,435,000 (58%) decrease due mainly to the net effect of streets annexed in the prior fiscal year for \$5,060,000.

Streets Expense - \$800,000 decrease (31%) due mainly to prior year bond issue costs of \$330,000 and prior year uncapitalized street repairs of \$646,000.

Transfers - \$958,000 (276%) change due primarily to a decrease of \$1 million in the transfer from the SMA to the General Fund for operations.

To aid in the understanding of the Statement of Activities some additional explanation is given. Of particular interest is the format that is significantly different than a typical Statement of Revenues, Expenses, and Changes in Fund Balance. You will notice that expenses are listed in the first column with revenues from that particular program reported to the right. The result is a Net (Expense)/Revenue. The reason for this kind of format is to highlight the relative financial burden of each of the functions on the City's taxpayers. It also identifies how much each function draws from the general revenues or if it is self-financing through fees and grants or contributions. All other governmental revenues are reported as general. It is important to note all taxes are classified as general revenue even if restricted for a specific purpose.

Governmental Activities

The following table compares fiscal year 2016 and 2015 total Governmental Activities expenses and net revenue (expense) of services:

TABLE 3
Net Revenue (Expense) of Governmental Activities
(In Thousands)

	Total Expense of Services		% Inc. (Dec.)	Net Revenue (Expense) of Services		% Inc. (Dec.)
	2016	2015		2016	2015	
Administration	\$ 1,223	\$ 1,147	7%	(\$1,223)	(\$1,147)	7%
General government	1,310	1,499	-13%	(893)	(1,115)	-20%
Legal and judicial	351	361	-3%	(351)	(361)	-3%
Public safety	10,139	10,313	-2%	(7,540)	(7,628)	-1%
Urban development	412	487	-15%	(305)	(12)	2442%
Streets	1,755	2,555	-31%	741	3,064	-76%
Culture and recreation	1,464	1,542	-5%	(1,099)	(1,194)	-8%
Interest on long-term debt	670	646	4%	(670)	(646)	4%
Total	\$17,324	\$18,550	-7%	(\$11,340)	(\$9,039)	25%

Explanations for significant changes not explained above:

Urban development - \$360,344 (2442%) decrease in net revenue due mainly to more capital grant revenue received in the prior year.

Business-type Activities

The following table compares fiscal year 2016 and 2015 total Business-type Activities expenses and net revenue (expense) of services:

TABLE 4
Net Revenue (Expense) of Business-Type Activities
(In Thousands)

A FINANCIAL ANALYSIS OF THE CITY'S FUNDS

As the City completed its 2016 fiscal year, the governmental funds reported a combined fund balance of \$14.8 million or a 2% increase from the prior year. The enterprise funds reported a combined net position (deficit) of (\$1.4) million or a 50% increase in the net position deficit from 2015.

FUND BALANCE/NET POSITION
(In thousands of dollars)

<u>Governmental Funds</u>		<u>Enterprise Funds</u>	
Nonspendable	\$ 88	Net Investment in Capital Assets	\$ (4,739)
Restricted	11,982	Restricted for debt service	261
Committed	12	Unrestricted	<u>3,096</u>
Assigned	2,417		
Unassigned	<u>343</u>	Total Net Position	<u>\$ (1,382)</u>
Total Fund Balance	<u>\$ 14,842</u>		

Other fund highlights include:

- For the year ended June 30, 2016, the General Fund's total fund balance decreased by \$0.5 million or 24.4% primarily from a decrease in sales tax revenue of \$316,461 and a decrease in fine revenue of \$124,867.
- The Sapulpa Municipal Authority enterprise fund reported a decrease in net position, after transfers, of \$1.4 million due to the reason mentioned on previous page.

General Fund Budgetary Highlights

Over the course of the year, the City Council revised the General Fund budget various times. The revised budget included an increase in overall revenue projections of 5.0% or approximately \$1 million, mainly related to increased sales tax collections over original estimates, and an increase in appropriations of 3.2% or \$0.7 million, with most of the increased appropriations related to the required sales tax transfers.

For budgetary reporting purposes, the General Fund reported revenues under final estimates by \$0.9 million or 4.1%, while expenditures were less than the final appropriations by \$1.4 million or 6.4%.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At the end of June 30, 2016, the City had nearly \$110 million invested in capital assets, net of depreciation, including police and fire equipment, buildings, park facilities, water lines and sewer lines. (See table below). This represents a net increase of \$3 million over the prior year.

TABLE 5
Primary Government Capital Assets
(In Thousands)
(Net of accumulated depreciation)

This year's more significant capital asset additions include:

- \$394,844 – Mobile Meter Reader Program
- \$304,587 – 73rd Street Renovations
- \$161,000 – Street Sweeper

See Note 3.D. to the financial statements for more detail information on the City's capital assets and changes therein.

Long- Term Debt

At year-end, the City had \$105 million in long-term debt outstanding, which represents a \$1 million or 0.9% decrease from the prior year, resulting mainly by making normal debt service payments of about \$5.3 million. The City's changes in long-term debt by type of debt are as follows (excludes unamortized premiums/discounts and deferred amounts on refunding):

TABLE 6

See Note 3.F. to the financial statements for more detail information on the City's long-term debt and changes therein.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

Economic factors play a key role in developing the City's Budget. The overall economic outlook for the City of Sapulpa seems to be remaining stable. Total sales tax collections, which are the major revenue for the General Fund, had no significant change from fiscal year 2014-2015 (\$12,074,999) to fiscal year 2015-2016 (\$12,089,565). Oklahoma's economy as a whole has been negatively affected by the drop in oil prices. This was factored in when establishing the City's FY 16/17 budget for sales tax which was estimated to be 3.3%, or \$406,358, less than the FY 15/16 actual of \$12,089,564. Currently sales tax is 2.9% above budget.

The Sapulpa Municipal Authority (SMA) charges for service, which include water, sewer, and refuse revenues, shows an increase of 9.7%, for fiscal year 2015-2016 (\$9,980,269) from 2014-2015 actual (\$9,095,023). This increase was mostly due to a 7.5% utility rate adjustment on July 1, 2015. The remainder was due to increased water usage by an industry that is one of the SMA's highest users of water. They had noticed and repaired a large water leak and had cut production by approximately 1/3 for several months during FY 14/15. Revenues for these services for fiscal year 2016-2017 were projected 1.23%, or 122,599, higher than fiscal year 2015-2016 actual.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Finance Director's office at 425 E. Dewey, P. O. Box 1130, Sapulpa, Oklahoma 74067-1130 or by phone at (918) 248-5911.

City of Sapulpa
Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position
June 30, 2016

Fund Balance - Net Position Reconciliation: \$ 14,842,051

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not current financial resources and therefore are not reported in the funds, net of accumulated depreciation of \$27,034,203 51,508,472

Internal service funds are used by management to charge costs of certain activities that benefit multiple funds, such as self-insurance costs, to individual funds. The assets and liabilities of these internal service funds are reported in the governmental activities of the Statement of Net Position:

Internal service funds' net position (18,118)

Certain special revenue funds are used by management to perform business-type activities. The assets and liabilities of these special revenue funds are included in business-type activities in the Statement of Net Position:

Water & sewer sales tax fund	(147,663)
Water resources fund	(216,033)
Sewer plant sales tax fund	(69,486)
	(433,182)

Other long-term assets and deferred outflows are not available to pay for current period expenditures and therefore are deferred or not reported in the funds:

Pension related deferred outflows of resources	880,106
Deferred amount on general obligation bond refunding	101,664
	981,770

Certain long-term liabilities are not due and payable from current financial resources and they, along with certain deferred inflows, are not reported in the funds:

Deferred revenue	1,164,302
Accrued interest payable	(49,860)
Capital lease obligation	(474,466)
Judgments payable	(110,433)
Revenue bonds	(6,700,000)
General obligation bond	(16,365,000)
Unamortized premium on general obligation bonds	(184,354)
Net pension liability	(10,526,154)
Pension related deferred inflows of resources	(1,266,042)
Net OPEB obligation	(1,408,272)
Accrued compensated absences	(1,571,376)
	(37,491,655)

Net Position of Governmental Activities in the Statement of Net Position \$ 29,389,338

See accompanying notes to the basic financial statements.

See accompanying notes to the basic financial statements.

**Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of
Governmental Funds to the Statement of Activities
For the Year Ended June 30, 2016**

Changes in Fund Balance - Changes in Net Position Reconciliation: \$ 281,234

Amounts reported for Governmental Activities in the Statement of Activities are different because:

Governmental funds report outlays for capital assets as expenditures while governmental activities report depreciation and amortization expense to allocate those expenditures over the life of the assets:

Capital asset purchases capitalized	5,683,311
Book value of disposed capital assets	(22,215)
Capital assets transferred to business-type activities	128,037
Depreciation expense	<u>(1,780,641)</u>
	<u>4,008,492</u>

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds:

Change in deferred revenue	(404,207)
----------------------------	-----------

In the Statement of Activities, the net cost of pension benefits earned is calculated and reported as pension expense. The fund financial statements report pension contributions as pension expenditures. This amount represents the difference between pension contributions and calculated pension expense.

890,939

Certain special revenue funds are used by management to perform business-type activities. The net change in fund balances of these special revenue funds are included in business-type activities in the Statement of Net Position:

Water & Sewer Sales Tax Fund	29,327
Water Resources Fund	(113,571)
Sewer Plant Sales Tax Fund	99,445
	<u>15,201</u>

Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Position. Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position:

Principal payment on capital lease obligation	75,664
Principal payment on judgments payable	117,648
Principal payment on G.O. bonds payable	1,875,000
Principal payment on Revenue bonds payable	905,000
Bond refunding amortization	(11,961)
Bond premium amortization	13,212
Bond premium received	(57,318)
Proceeds from capital lease obligation	(325,000)
Proceeds from G.O. bonds payable	<u>(3,790,000)</u>
	<u>(1,197,755)</u>

Some expenses reported in the Statement of Activities do not require the use of current financial resources and these are not reported as expenditures in governmental funds:

Change in accrued interest payable	(4,562)
Change in OPEB liability	(190,618)
Change in accrued compensated absences	85,003
	<u>(110,177)</u>

Internal service fund activity is reported as a proprietary fund in the fund financial statements, but certain net revenues are reported in governmental activities on the Statement of Activities:

Change in net position for internal service funds	(34,082)
---	----------

Change in net position of governmental activities	<u>\$ 3,449,645</u>
---	---------------------

See accompanying notes to the basic financial statements.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City's accounting and financial reporting policies conform to accounting principles generally accepted in the United States of America (GAAP). GAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent subsections of this Note.

During the fiscal year, the City implemented the following GASB Pronouncements:

Statement No. 72, *Fair Value Measurement and Application* - The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. Currently, the City has no investments that require this disclosure.

1.A. FINANCIAL REPORTING ENTITY

The City's financial reporting entity is comprised of the following:

Primary Government:	City of Sapulpa
Component Units:	Sapulpa Municipal Authority Sapulpa Development Authority

In determining the financial reporting entity, the City complies with the provisions of Governmental Accounting Standards Board Statement (GASB) No. 14, *The Financial Reporting Entity*, and GASB Statement No. 61, *The Financial Reporting Entity: Omnibus, an amendment of GASB Statements No. 14 and No. 34*, and includes all component units of which the City is fiscally accountable.

The component units listed above are Public Trusts established pursuant to Title 60 of Oklahoma State law. A Public Trust (Authority) has no taxing power. The Authority is generally created to finance City services through issuance of revenue bonds or other non-general obligation debt and to enable the City Council to delegate certain functions to the governing body (Trustees) of the Authority. The Authority generally retains title to assets which are acquired or constructed with Authority debt or other Authority generated resources. In addition, the City has leased certain existing assets at the creation of the Authority to the Trustees on a long-term basis. The City, as beneficiary of the Public Trust, receives title to any residual assets when a Public Trust is dissolved.

BLENDED COMPONENT UNITS

A blended component unit is a separate legal entity that meets the component unit criteria in the standards listed above. The Sapulpa Municipal Authority, a blended component unit is included since 1) the City can impose its will by authorization of debt issuances; 2) the governing body is the same as the City Council; and 3) management of the Trust and the City are the same. The component units' funds are blended into those of the City's by appropriate fund category to comprise the primary government presentation. The Sapulpa Development Authority is blended for the same reasons.

The component units that are blended into the primary government's fund categories are presented below.

CITY OF SAPULPA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2016

<u>Component Unit</u>	<u>Brief Description/Inclusion Criteria</u>	<u>Included Funds</u>
Sapulpa Municipal Authority	Created February 19, 1968, to finance, develop and operate the water, wastewater, solid waste and golf activities of the City. Current City Council serves as the entire governing body (Trustees). Debt issued by the Authority requires 2/3rds approval of the City Council. And management of the City and Trust is the same.	SMA Utility and SMA Golf Course Enterprise Funds
Sapulpa Development Authority	Created September 21, 2009 to promote the development of business and industry within and without the city limits and to provide additional employment and commerce that will benefit and strengthen the economy of the City. Current City Council serves as the entire governing body (Trustees). Debt issued by the Authority requires 2/3rds approval of the City Council. And management of the City and Trust is the same.	Sapulpa Development Authority Fund - Special Revenue Fund

1.B. BASIS OF PRESENTATION

Government-Wide Financial Statements:

The statement of net position and statement of activities display information about the City as a whole including component units. They include all financial activities of the reporting entity. Eliminations have been made to minimize the double reporting of transactions involving internal activities. Individual funds are not displayed in these statements. Instead, the statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

The statement of activities presents a comparison between the expenses and program revenues directly associated with the different governmental functions and business-type activities to arrive at the net revenue or expense of the function or activity prior to the use of taxes and other general revenues. Program revenues include (1) fees, fines, and service charges generated by the program or activity, (2) operating grants and contributions that are restricted to meeting the operational requirements of the program or activity, and (3) capital grants and contributions that are restricted to meeting the capital requirements of the program or activity.

Fund Financial Statements:

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts which constitute its assets, deferred inflows of resources, liabilities, deferred outflows of resources, or fund equity, revenues, and expenditures/expenses. Funds are organized into two major categories: governmental and proprietary. The City presently has no fiduciary funds. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the City or meets the following criteria:

CITY OF SAPULPA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2016

- a. Total assets plus deferred outflows of resources, liabilities plus deferred inflows of resources, revenues or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type, and
- b. Total assets plus deferred outflows of resources, liabilities plus deferred inflows of resources, revenues or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.
- c. A fund that does not meet the criteria of (a) and (b), but for which management has determined is of such significance to be reported as a major fund.

All remaining governmental and enterprise funds not meeting the above criteria are aggregated and reported as nonmajor funds. The funds of the financial reporting entity are described below:

GOVERNMENTAL FUNDS

General Fund (Major Fund)

The General Fund is the primary operating fund of the City. It is used to account for and report all financial resources not accounted for and reported in another fund. Included or combined with the General Fund are the following funds that, in addition to the General Fund, comprise the General Fund Accounts:

<u>Fund</u>	<u>Description</u>
Hunting & Fishing Account	Accounts for revenues from hunting and fishing fees and other sources and expenditures made there from.
Library Account	Accounts for revenues received from sales tax (2.5% of the second and third penny), grants, fines and other sources for library maintenance and operations.
Swimming Pool	Accounts for revenues received from donations and charges for services for swimming pool expenditures.

Major Funds

<u>Fund</u>	<u>Description</u>
Grants & Aid Fund	Accounts for revenue received and expenditures made for all grant projects, except for library grants and aid.
GO Bond Construction Fund (Major Capital Project Fund)	Accounts for the financing and construction of specified capital improvements.

CITY OF SAPULPA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2016

Special Revenue Funds (Nonmajor Funds)

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects. The reporting entity includes the following special revenue funds:

<u>Fund</u>	<u>Description</u>
Cemetery Maintenance Fund	Accounts for revenues received from sales tax (2.5% of the second and third penny), lot sales and charges for interment to be used for maintenance and operations of the cemetery. Additional monies are transferred into this fund for right-of-way mowing operations.
Street & Alley Fund	Accounts for revenues received from gasoline excise tax, motor vehicle tax and expenditures made for street maintenance and operations.
Parks & Recreation Fund	Accounts for revenues received from sales tax (5% of the second and third penny) and from other sources to be used for parks and leisure services.
Federal SAF Fund	Accounts for monies received from federal drug seizures. All monies and property received must be used for law enforcement purposes only.
Major Thoroughfare Fund	Accounts for revenue received from sales tax (5% of the second and third penny) and expenditures for major thoroughfares.
Water & Sewer Sales Tax Fund	Accounts for revenues received from sales tax (10% of the second and third penny) and expenditures made for maintenance, operations and capital outlay.
Spay & Neuter Fund	Accounts for monies received for and expenditures related to spaying and neutering.
E911 Fund	Accounts for revenues received from tariff rates on base line telephone charges and expenditures for operations and maintenance of the E-911 system.
Juvenile Justice Fund	Accounts for revenues received and expenditures related to the municipal juvenile court and/or any juvenile programs.
Hotel/Motel Tax Fund	Accounts for revenues received from Hotel/Motel Tax and expenditures for operations of the Sapulpa Economic Development Department, promoting tourism, and park capital improvements.
Sapulpa Development Authority	Accounts for revenue received and expenditures made for economic development.

CITY OF SAPULPA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2016

Capital Project Fund (Nonmajor Funds)

Capital Project Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditures for capital outlays. The reporting entity includes the following capital project funds:

<u>Fund</u>	<u>Description</u>
Restricted Construction Park & Recreation Fund	Accounts for revenue received and expenditures made exclusively for the acquisition of new park lands and/or capital and maintenance improvements of such new parks.
Park Development Fund	Accounts for revenue received from the Hotel/Motel Tax fund and expenditures for the acquisition of new park lands and/or making capital improvements to parks.
Fire Cash Fund	Accounts for revenue received from sales tax (2.5% of the second and third penny) and for expenditures for capital improvements.
Police Cash Fund	Accounts for revenue received from sales tax (2.5% of the second and third penny) and for expenditures for capital improvements.
Cemetery Care Fund	Accounts for revenues received from 12.5% of cemetery lot sales and interments. Per state statute, the principal can only be used for the purchase of land and for making permanent capital improvements. The interest can be used for improving, caring for and embellishing lots, walks, drives, parks and other improvements in such cemeteries and maintenance of office and care of records.
Capital Improvement Fund	Accounts for revenues received from sales tax (10% of the second and third penny) and other sources and expenditures for capital improvements in an amount of \$7,500 or greater in value with an estimated life of three years or more.
Water Resources Fund	Accounts for revenues received from sales tax (20% of the second and third penny) and expenditures made for water systems capital improvements.
Street Improvement Sales Tax	Accounts for revenues received from ½ cent dedicated sales tax, transfers made to the SMA for debt service payments, and expenditures made for capital outlay.
Sewer Plant Sales Tax	Accounts for revenues received from ½ cent dedicated sales tax, transfers made to the SMA for debt service payments, and expenditures made for capital outlay.
Series 2014 Street Capital Improvement	Accounts for the use of bond proceeds from the Series 2014 Street Capital Improvement bonds.

Debt Service Fund (Nonmajor Fund)

The Debt Service Fund is used to account for ad-valorem taxes levied by the City for use in retiring court-assessed judgments and general obligation bonds and their related interest expense. In State Statutes this fund is referred to as the Sinking Fund.

CITY OF SAPULPA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2016

PROPRIETARY FUNDS

Proprietary funds include both enterprise funds and internal service funds. Enterprise funds are used to account for business-like activities provided to the general public. Internal service funds are used to account for business-like activities provided and charged to other funds or entities within the reporting entity. These activities are financed primarily by user charges and the measurement of financial activity focuses on net income measurement similar to the private sector. The reporting entity includes the following enterprise funds and internal service fund:

Enterprise Funds (Major Funds)

<u>Fund</u>	<u>Description</u>
Sapulpa Municipal Authority Utility	Accounts for revenues of the public trust from providing water, wastewater and sanitation services to the public. Included accounts of the SMA:
Sewer System Development & Extension Fee Account	Accounts for revenues received from sewer system development and extension fees associated with the sewer expansion program, related expenses, and to account for funds being placed in escrow which are received from developers.
Stormwater Management Account	Accounts for revenues received from stormwater management fees and expenditures made for stormwater maintenance and operations.
Series 2012 Revenue Bond Construction Account	Accounts for bond proceeds used to construct utility capital assets
SMA Golf Course Fund	Accounts for revenues received from fees and operational expenses associated with the golf course.

Internal Service Fund

Insurance Fund	Accounts for revenues and expenses of insurance costs for employees with the City, including police and fire retirees.
----------------	--

1.C. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe **how** transactions are recorded within the financial statements. Basis of accounting refers to **when** transactions are recorded regardless of the measurement focus applied.

Measurement Focus

Government-wide and Proprietary Fund Financial Statements

In the government-wide Statement of Net Position and the Statement of Activities, and the proprietary fund statements, the “*economic resources*” measurement focus is applied. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position and cash flows. All assets, deferred outflows of resources, liabilities, and deferred inflows of resources (whether current or noncurrent, financial or nonfinancial) associated with their activities are reported. Fund equity is classified as net position.

Governmental Fund Financial Statements

In the governmental fund financial statements, a “*current financial resources*” measurement focus is applied. Under this focus, only current financial assets, deferred outflows of resources, liabilities, and deferred inflows of resources are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

Basis of Accounting

Government-wide and Proprietary Fund Financial Statements

In the government-wide Statement of Net Position and Statement of Activities, and the proprietary fund financial statements, the accrual basis of accounting is applied. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, deferred outflows of resources, liabilities and deferred inflows of resources resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

Governmental Fund Financial Statements

In the governmental fund financial statements, the modified accrual basis of accounting is applied. Under this modified accrual basis of accounting, revenues are recognized when “measurable and available”. Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The City has defined “available” as collected within 60 days after year end. Sales and use taxes, franchise taxes, hotel/motel taxes, court fines and interest are considered susceptible to accrual. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general long-term debt principal and interest, claims and judgments, and accrued compensated absences, which are recorded as expenditures to the extent they have matured. Proceeds of general long-term debt, bond premiums, and capital leases are reported as other financial sources.

1.D. ASSETS, DEFERRED OUTFLOWS, LIABILITIES, DEFERRED INFLOWS, AND EQUITY

Cash and Cash Equivalents

Cash and cash equivalents include all demand and savings accounts, and certificates of deposit or short-term investments with an original maturity of three months or less. Investments in open-ended mutual funds held in the trustee accounts are considered cash equivalents.

Investments

Investments consist of certificates of deposit whose original maturity term exceeds three months and certain U.S. Government securities. Investments that do not have an established market are reported at estimated fair value as estimated by a broker/dealer. The U.S. Government securities are reported at fair value. All non-negotiable certificates of deposit whose original maturity term exceeds three months are carried at cost.

Receivables

Material receivables in governmental funds and governmental activities include revenue accruals such as sales tax, franchise tax, and grants and other similar intergovernmental revenues since they are usually both measurable and available. Revenue from non-exchange transactions collectible but not available are deferred in accordance with GASB Statement 33 at the fund level.

CITY OF SAPULPA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2016

Proprietary funds and business-type activities material receivables consist of all revenues earned at year-end and not yet received. Billed and unbilled utility accounts receivable comprise the majority of these receivables. They are reported net of allowances for uncollectible accounts.

Inventories

Inventory recorded in governmental funds and governmental activities is valued at average cost and consists of material and supplies used for vehicle maintenance and office and janitorial activities. The cost is allocated to the various user departments based upon their consumption. The consumption method of accounting treatment is utilized by the City's governmental funds.

Special reporting treatments are applied to governmental fund inventories to indicate that they do not represent available spendable resources even though they are a component of current assets. Such amounts are generally offset by fund balance nonspendable accounts.

Proprietary fund and business-type activities inventories are recorded on an average cost basis. Inventory of the enterprise funds consists of materials and supplies used for golf.

Capital Assets and Depreciation

The accounting treatment of property, plant and equipment (capital assets) depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

Government-Wide Statements and Proprietary Funds

In the government-wide financial statements and proprietary funds, property, plant and equipment are accounted for as capital assets. The City's capitalization threshold was \$2,000 for the year ended June 30, 2016. All capital assets are valued at historical cost, or estimated historical cost if actual is unavailable, except for donated capital assets which are recorded at their acquisition fair value at the date of donation. General infrastructure assets (such as roads, bridges, and traffic systems) acquired prior to July 1, 2002, are reported at estimated historical cost using deflated replacement costs. The cost of normal maintenance and repairs to these assets that do not add materially to the value of the asset or materially extend the assets' useful lives are not capitalized.

Depreciation of all exhaustible capital assets is recorded as an operating expense in proprietary fund financial statements and an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation.

The range of estimated useful lives by type of asset is as follows:

Buildings	25 - 50 years
Other Improvements	5 - 50 years
Infrastructure	25-100 years
Machinery and Equipment	3 - 20 years
Utility System	25 - 50 years

In the governmental fund financial statements, capital assets acquired are accounted for as capital outlay expenditures.

Restricted Assets

Restricted assets include current and noncurrent assets of enterprise funds and business-type activities that are legally restricted as to their use. The primary restricted assets are related to trustee accounts restricted for debt service and deposits held for refund.

Long-Term Debt

Accounting treatment of long-term debt varies depending upon the source of repayment and the measurement focus applied, and whether the debt is reported in the government-wide or fund financial statements.

All long-term debt to be repaid from governmental activities, business-type activities and proprietary funds are reported as liabilities as incurred. The long-term debt presently is primarily comprised of general obligation bonds, capital lease obligations payable, judgments payable, water contract obligations, revenue bonds payable, net pension liability, and accrued compensated absences. This long-term debt is reported net of unamortized discounts and premiums.

Long-term debt of governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and payments of principal and interest are reported as expenditures.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Oklahoma Police Pension & Retirement System (OPPRS) and the Oklahoma Firefighters Pension & Retirement System (FPRS) and additions to/deductions from OPPRS's and FPRS's fiduciary net positions have been determined on the same basis as they are reported by OPPRS and FPRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Compensated Absences

The City's policies regarding vacation, sick and compensatory time permit employees to accumulate varying amounts as determined by management and contracts with employee groups.

Compensated absences are reported as accrued in the government-wide and proprietary fund financial statements. Governmental funds report only the matured compensated absences payable to currently terminating employees.

Equity Classification

Government-Wide and Proprietary Fund Financial Statements:

Equity is classified as net position and displayed in three components:

- a. Net investment in capital assets - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position - Consists of net position with constraints placed on the use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or 2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position - All other net position that does not meet the definition of "restricted" or "net investment in capital assets".

It is the City's policy to first use restricted net position prior to the use of unrestricted net position when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

Governmental Fund Financial Statements:

Governmental fund equity is classified as fund balance. Fund balance is further classified as nonspendable, restricted, committed, assigned and unassigned. These classifications are defined as:

- a. Nonspendable – includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.
- b. Restricted – consists of fund balance with constraints placed on the use of resources either by (a) external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or (b) law through constitutional provisions or enabling legislation.
- c. Committed – includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the City's highest level of decision-making authority. The City's highest level of decision-making authority is made by ordinance.
- d. Assigned – includes amounts that are constrained by the City's intent to be used for specific purposes but are neither restricted or committed. Assignments of fund balance may be made by city council action or management decision when the city council has delegated that authority. Assignments for transfers and interest income for governmental funds are made through the budgetary process.
- e. Unassigned – represents fund balance that has not been assigned to other funds and has not been restricted, committed, or assigned to specific purposes within the general fund.

It is the City's policy to first use restricted fund balances prior to the use of unrestricted fund balance when an expense is incurred for purposes for which both restricted and unrestricted fund balances are available. The City's policy for the use of unrestricted fund balance amounts require that committed amounts would be reduced first, followed by assigned amounts and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

Proprietary fund equity is classified the same as in the government-wide statements.

1.E. INTERNAL AND INTERFUND BALANCES AND ACTIVITIES

In the process of aggregating the financial information for the government-wide financial statements, some amounts reported as interfund activity and balances in the fund financial statements have been eliminated or reclassified.

Government-Wide Financial Statements:

Interfund activity and balances, if any, are eliminated or reclassified in the government-wide financial statements as follows:

1. Internal balances - amounts reported in the fund financial statements as interfund receivables and payables are eliminated in the governmental and business-type activities columns of the statement of net position, except for the net residual amounts due between governmental and business-type activities, which are reported as Internal Balances.
2. Internal activities - amounts reported as interfund transfers in the fund financial statements are eliminated in the government-wide statement of activities except for the net amount of transfers between governmental and business-type activities, which are reported as Transfers - Internal Activities. The effect of interfund services between funds are not eliminated in the statement of activities.

CITY OF SAPULPA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2016

Fund Financial Statements:

Interfund activity, if any, within and among the governmental and proprietary fund categories is reported as follows in the fund financial statements:

1. Interfund loans - amounts provided with a requirement for repayment are reported as interfund receivables and payables.
2. Interfund services - sales or purchases of goods and services between funds are reported as revenues and expenditures/expenses.
3. Interfund reimbursements - repayments from funds responsible for certain expenditures/expenses to the funds that initially paid for them are not reported as reimbursements but as adjustments to expenditures/expenses in the respective funds.
4. Interfund transfers - flow of assets from one fund to another where repayment is not expected are reported as transfers in and out.

1.F. REVENUES, EXPENDITURES AND EXPENSES

Sales Tax

The City presently levies a four cent sales tax on taxable sales within the City. The sales tax is collected by the Oklahoma Tax Commission and remitted to the City in the month following receipt by the Tax Commission. One cent of the sales tax received is to be recorded as sales tax revenue within the General Fund, one-half cent in the Street Improvement Sales Tax Fund, one-half cent in the Sewer Plant Sales Tax Fund and the remaining two cents distributed to various funds based on various percentages. These percentages, initially set by ordinance, have been further restricted by management and governing body approval as follows:

General Fund	40.00%
Cemetery Maintenance Fund	2.50%
Library Fund	2.50%
Parks & Recreation Fund	5.00%
Fire Cash Fund	2.50%
Police Cash Fund	2.50%
Major Thoroughfare Fund	5.00%
Capital Improvement Fund	10.00%
Water & Sewer Sales Tax Fund	10.00%
Water Resources Fund	<u>20.00%</u>
Total	<u>100.00%</u>

In accordance with the 2012 and 2013 sales tax agreements of their respective bond indentures, sales tax has been pledged for the payment of principal and interest on the indebtedness. The 2012 and 2013 revenue bond indentures state that 40% of two cents of the sales tax levied and assessed pursuant to the City's ordinances is pledged for the payment of those debt issues. In addition, ½ of one cent recorded in the Street Improvement Sales Tax Fund has been pledged for payment on the 2014 Capital Improvement Revenue Bonds.

Sales tax resulting from sales occurring prior to year-end and received by the City after year end have been accrued and are included under the caption *Due from Other Governments* because they represent taxes on sales occurring during the reporting period.

CITY OF SAPULPA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2016

Property Tax

Under State law, municipalities are limited in their ability to levy a property tax. Such tax may only be levied to repay principal and interest on general obligation bonded debt approved by voters and any court-assessed judgments.

At the present time the City levies a property tax, in addition to dedicated sales tax, to fund the annual debt service requirements of the following general obligation bonds:

General Obligation Bonds

2010 General Obligation Bonds
2012A Refunding General Obligation Bonds
2012B Refunding General Obligation Bonds
2015 General Obligation Bonds
2015A General Obligation Bonds
2016A General Obligation Bonds

The property tax levy, as determined by the City's debt service needs, is submitted to the County Excise Board for approval. County assessors, elected officials, determine the taxable value of real estate and personal property in the County. A State Board of Equalization hears complaints on real estate values with the power to equalize assessments. Under present State law, the ratio of assessed value to true value cannot be less than 11 percent or more than 13 ½ percent.

Property taxes levied by the City are billed and collected by the County Treasurer's office and remitted to the City in the month following collection. Property taxes are levied normally in October and are due in equal installments on December 31 and March 31. Property taxes unpaid for the fiscal year are attached by an enforceable lien on property in the following October.

For the year ended June 30, 2016, the City's net assessed valuation of taxable property was \$141,695,948. The taxes levied by the City per \$1,000 of net assessed valuation for the year ended June 30, 2016, was \$13.11.

Expenditures/Expenses

In the government-wide statement of activities, expenses, including depreciation of capital assets, are reported by function or activity. In the governmental fund financial statements, expenditures are reported by class as current (further reported by function), capital outlay and debt service. In proprietary fund financial statements, expenses are reported by object or activity.

1.G. USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures; accordingly, actual results could differ from those estimates.

NOTE 2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

By its nature as a local government unit, the City and its component unit are subject to various federal, state and local laws and contractual regulations. An analysis of the City's compliance with significant laws and regulations and demonstration of its stewardship over City resources follows:

2.A. DEPOSITS AND INVESTMENT LAWS AND REGULATIONS

In accordance with State law, all uninsured deposits of municipal funds in financial institutions must be secured with acceptable collateral valued at no more than market value. Acceptable collateral includes certain U.S. Government or Government Agency securities, certain State of Oklahoma or political subdivision debt obligations, surety bonds or certain letters of credit. As required by 12 U.S.C.A., Section 1823(e), all financial institutions pledging collateral to the City must have a written collateral agreement approved by the board of directors or loan committee. As reflected in Note 3.A., the City's uninsured deposits were sufficiently collateralized in accordance with these provisions for the year ended June 30, 2016.

Investments of a City (excluding Public Trusts) are limited by State Law to the following:

- a. Direct obligations of the U. S. Government, its agencies and instrumentalities to which the full faith and credit of the U. S. Government is pledged, or obligations to the payment of which the full faith and credit of the State of Oklahoma is pledged.
- b. Certificates of deposit or savings accounts that are either insured or secured with acceptable collateral with in-state financial institutions, and fully insured certificates of deposit or savings accounts in out-of-state financial institutions.
- c. With certain limitation, negotiable certificates of deposit, prime bankers acceptances, prime commercial paper and repurchase agreements with certain limitations.
- d. County, municipal or school district tax supported debt obligations, bond or revenue anticipation notes, money judgments, or bond or revenue anticipation notes of public trusts whose beneficiary is a county, municipality or school district.
- e. Notes or bonds secured by mortgage or trust deed insured by the Federal Housing Administrator and debentures issued by the Federal Housing Administrator, and in obligations of the National Mortgage Association.
- f. Money market funds regulated by the SEC and in which investments consist of the investments mentioned in the previous paragraphs a., b., c., and d.

Public trusts created under O.S. Title 60, are not subject to the above noted investment limitations and are primarily governed by any restrictions in their trust or bond indentures.

2.B. DEBT RESTRICTIONS AND COVENANTS

General Obligation Debt

Article 10, Sections 26 and 27 of the Oklahoma Constitution limits the amount of certain outstanding general obligation bonded debt of the municipality for non-utility or non-street purposes to no more than 10% of net assessed valuation. For the year ended June 30, 2016, the City complied with this restriction.

Other Long-Term Debt

As required by the Oklahoma State Constitution, the City (excluding Public Trusts) may not incur any indebtedness that would require payment from resources beyond the current fiscal year revenue, without first obtaining voter approval.

CITY OF SAPULPA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2016

Revenue Bond Debt

The bond indentures relating to the revenue bond issues of the Sapulpa Municipal Authority contain a number of restrictions or covenants that are financial related. These include covenants such as a required flow of funds through special accounts, debt service coverage requirements and required reserve account balances.

The following schedule presents a brief summary of the most significant requirements and the Authority's level of compliance, thereon, as of June 30, 2016:

<u>Requirement</u>	<u>Level of Compliance</u>
a. Flow of Funds	
1. 2012 Refunding Revenue Bonds:	
- Revenue Fund	The Authority maintained all required accounts and made the required payments into such accounts.
- Construction Fund	
- Bond Fund	
- Bond Reserve Fund	
2. 2013 Refunding Revenue Bonds:	
- Revenue Account	The Authority maintained all required accounts and made the required payments into such accounts.
- Construction Fund	
- Bond Account	
- Sinking Fund	
b. Revenue Bond Coverage:	
Net operating revenue plus transferred sales tax must equal 1.25 times annual debt service on the 2012 and 2013 Refunding Revenue Bonds.	Net revenues available amounted to \$10,142,316. The annual debt service was \$4,714,465. Actual coverage was 2.2 times.
c. Reserve Account Requirements:	
2012 Refunding Revenue Bonds:	
Insurance policy fair value to be \$1,642,550.	The Authority purchased a financial security assurance municipal bond debt service reserve insurance policy with a \$1,642,550 fair value.
2013 Refunding Revenue Bonds:	
Insurance policy fair value to be \$2,473,088.	The Authority purchased a financial security assurance municipal bond debt service reserve insurance policy with a \$2,473,088 fair value.

2.C. FUND EQUITY / NET POSITION RESTRICTIONS

Restricted Net position

Restricted net position at the government-wide financial statements are required to restrict funds in accordance with various laws and regulations, specifically those laws and regulations dealing with debt service and the use of restricted revenues. See Note 3. I. for details of restricted net position.

2.D. BUDGETARY COMPLIANCE

The City prepares its annual operating budget under the provisions of the Municipal Budget Act (the Budget Act). In accordance with those provisions, the following process is used to adopt the annual budget:

- a. Prior to June 1, the City Manager submits to the City Council a proposed operating budget for the fiscal year commencing the following July 1.
- b. Public hearings are conducted to obtain citizen comments. At least one public hearing must be held no later than 15 days prior to July 1.
- c. Subsequent to the public hearings but no later than seven days prior to July 1, the budget is adopted by resolution of the City Council.
- d. The adopted budget is filed with the Office of State Auditor and Inspector.

The legal level of control at which expenditures may not legally exceed appropriations is the department level within a fund.

All fund decreases of appropriation and supplemental appropriations require City Council approval. The City Manager may transfer appropriations between departments within a fund without City Council approval. Supplemental appropriations must also be filed with the Office of State Auditor and Inspector.

In accordance with Title 60 of the Oklahoma State Statutes, the Sapulpa Municipal Authority, accounted for as a blended enterprise fund in this report, is required to prepare an annual budget and submit a copy to the City as beneficiary. However, there are no further requirements such as form of budget, approval of the budget or definition of a legal level of control; and, therefore, no budget and actual financial presentation for the SMA fund is included in this report.

NOTE 3. DETAIL NOTES - TRANSACTION CLASSES/ACCOUNTS

The following notes present detail information to support the amounts reported in the basic financial statements for its various assets, liabilities, equity, revenues and expenditures/expenses.

3. A. DEPOSIT AND INVESTMENT RISKS

Primary Government:

The City of Sapulpa, including its blended component units, held the following deposits and investments at June 30, 2016:

CITY OF SAPULPA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2016

Type	Maturities	Credit Rating	Carrying Value
Deposits:			
Demand deposits			\$ 3,296,047
Cash on hand			3,721
Time deposits	Due within one year		6,189,751
Time deposits	Due in 1 - 5 years		1,500,000
			<u>\$ 10,989,519</u>
Investments:			
Trustee money market accounts - Federated Treasury Obligations Fund		AAAm	\$ 4,332,740
Judgments	Due in 1 - 5 years		6,000
U.S. Treasury HH Savings Bonds	7/1/2022		35,000
			<u>4,373,740</u>
Total deposits and investments			<u>\$ 15,363,259</u>
Reconciliation to Statement of Net Position:			
Cash and cash equivalents			\$ 7,632,508
Investments			7,730,751
			<u>\$ 15,363,259</u>

Custodial Credit Risk – Exposure to custodial credit risk related to deposits exists when the City holds deposits that are uninsured and uncollateralized; collateralized with securities held by the pledging financial institution, or by its trust department or agent but not in the City’s name; or collateralized without a written or approved collateral agreement. Exposure to custodial credit risk related to investments exists when the City holds investments that are uninsured and unregistered, with securities held by the counterparty or by its trust department or agent but not in the City’s name.

The City’s policy as it relates to custodial credit risk is to secure its uninsured deposits with collateral, valued at no more than market value, at least at a level of 100% of the uninsured deposits and accrued interest thereon. The investment policy also limits acceptable collateral to U.S. Treasury securities and direct debt obligations of municipalities, counties, and school districts in the state of Oklahoma. As required by Federal 12 U.S.C.A., Section 1823(e), all financial institutions pledging collateral to the City must have a written collateral agreement approved by the board of directors or loan committee.

At June 30, 2016, the City was not exposed to custodial credit risk as defined above.

Investment Credit Risk – The City’s investment policy limits investments to those allowed in state law applicable to municipalities. These investment limitations are described in Note 2.A. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The City has no formal policy limiting investments based on credit rating, but discloses any such credit risk associated with their investments by reporting the credit quality ratings of investments in debt securities as determined by nationally recognized statistical rating organizations—rating agencies—as of the year end. Unless there is information to the contrary, obligations of the U.S. government or obligations explicitly guaranteed by the U.S. government are not considered to have credit risk and do not require disclosure of credit quality.

Investment Interest Rate Risk – Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The City discloses its exposure to interest rate risk by disclosing the maturity dates of its various investments.

CITY OF SAPULPA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2016

As noted in the schedule of deposits and investments above, at June 30, 2016, the investments held by the City mature at various times.

Concentration of Investment Credit Risk - Exposure to concentration of credit risk is considered to exist when investments in any one issuer represent a significant percent of total investments of the City (any over 5% are disclosed). Investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments are excluded from this consideration.

At June 30, 2016, the City had no concentration of credit risk as defined above.

3. B. RESTRICTED ASSETS

The amounts reported as restricted assets on the Proprietary Funds Statement of Net Position are comprised of cash and investments held by the trustee bank on behalf of the public trust (Authority) related to its required revenue bond accounts as described in Note 2.B and amounts due to depositors related to utility deposits.

The restricted assets as of June 30, 2016 were as follows:

	Current Cash and cash Equivalents	Noncurrent Investments
Utility Deposits	112,159	\$ 186,094
Trustee Accounts:		
2012 Bond Fund	38,164	-
2012 Construction Fund	172,218	-
2013 Bond Fund	619,032	-
Total	\$ 941,573	\$ 186,094

3. C. ACCOUNTS RECEIVABLE, COURT FINES RECEIVABLE AND PROPERTY TAX RECEIVABLE

Accounts receivable of the governmental and business-type activities consist of court fines receivable, customer utilities services provided, both billed and unbilled, and golf services due at year end, all reported net of allowance for uncollectible amounts. Also, property taxes receivable reported as Due from Other Governments in the Debt Service Fund are reported net of allowance for uncollectible amounts.

Golf course		143,020
Total business-type activities depreciation expense	\$	1,925,947

Note: General government, administration, utility collections and utility maintenance of the business-type activities were allocated to the appropriate functions based upon a percentage of revenues.

3. E. WATER RIGHTS CONTRACT

The Sapulpa Municipal Authority (SMA) entered into three agreements with the United States of America for water storage space in Skiatook Lake. In consideration of the right to utilize the aforesaid storage space in the project for municipal and industrial supply purposes, the SMA agreed to pay costs in the amount of \$4,915,486 (which is the balance of the unamortized water rights reported as capital assets at June 30, 2016), along with maintenance and operations costs on an annual basis. The City incurred an obligation to the federal government for the water rights. The obligations were incurred in March 1993, November 1999, November 2002, and June 2006. The obligations are payable in annual installments of \$30,491, \$33,966, \$143,535 and \$184,184, respectively. The total water right obligation balance at June 30, 2016 is \$1,433,192. See Note 3.F. for further disclosures.

Due to the long-term nature of this agreement, and the infinite economic life of the water rights, the SMA's investment in the water rights contract is not being amortized.

3. F. LONG-TERM DEBT

The reporting entity's long-term debt is segregated by the amounts involving governmental activities and business-type activities.

Governmental Activities Long-Term Debt

At June 30, 2016, the governmental activities long-term debt consisted of the following:

General Obligation Bonds:

Total Due to Depositors	<u>\$296,203</u>

CITY OF SAPULPA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2016

Defeased Bonds Outstanding

The City, through its various public trusts, has in substance defeased a number of outstanding bond issues by placing deposits in irrevocable trusts, escrow accounts, for the purchase of U.S. Government Securities to pay principal and interest on the refunded bonds as they are due and payable. For financial reporting purposes, both the defeased bonds outstanding and the escrowed securities have been excluded from the financial statements. At year end, the remaining outstanding defeased debt issues were as follows:

1998 Series Capital Improvement Revenue Bonds – Defeased	\$7,620,000
2003A Series Revenue Bonds	<u>4,700,000</u>
 Total Defeased Bonds Outstanding	 <u>\$12,320,000</u>

Pledge of Future Revenues

Sales Tax and Utility Net Revenues Pledge - The City has pledged 40% of two cents (or 20%) of future sales tax revenues and net utility revenues to repay the following revenue bonds: \$27,675,000 2012 Refunding Revenue Bonds, and \$42,320,000 2013 Refunding Revenue Bonds. Proceeds from the bonds provided for the purchase or construction of capital assets. The bonds are payable from pledged sales tax revenues and net utility revenues. These bonds are payable through 2043. The total principal and interest payable for the remainder of the life of these bonds is \$110,187,074. Pledged sales taxes received in the current year were \$4,022,615 and net utility revenues were \$6,119,701 for total pledged revenues of \$10,142,316. Debt service payments of \$4,714,465 for the current fiscal year were 46.5% of total pledged revenues for these bonds.

3.G. INTERFUND BALANCES AND ACTIVITIES

Interfund receivables and payables at June 30, 2016, were as follows:

Receivable Fund	Payable Fund	Amount	Nature of Interfund Balance
Stormwater Fund	Grants & Aid Fund	\$ 120,000	Temporary loan of cash
Stormwater Fund	Insurance Fund	105,000	Temporary loan of cash
Stormwater Fund	Sewer Plant Sales Tax Fund	125,000	Temporary loan of cash
		<u>\$ 350,000</u>	

Reconciliation to Fund Financial Statements:

	Due From	Due to	Net Interfund Balances
Governmental Funds	\$ -	\$ (245,000)	(245,000)
Proprietary Funds	350,000	-	350,000
Internal Service Funds	-	(105,000)	(105,000)
	<u>\$ 350,000</u>	<u>\$ (350,000)</u>	<u>\$ -</u>

Reconciliation to Statement of Net Position:

Net Interfund Balances	\$ 350,000
BTA- Special Revenue Funds	(125,000)
Internal Balances	<u>\$ 225,000</u>

CITY OF SAPULPA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2016

Interfund transfers for the year ended June 30, 2016 were as follows:

Transfer From	Transfer To	Amount	Purpose of Transfer
General Fund	SMA	\$ 2,412,615	Pledged sales tax - bond indenture
General Fund	Restricted Construction Park/Rec Fund	18,250	Required revenue transfer
SMA	General Fund	1,905,000	Supplemental operating transfer
SMA	General Fund	2,412,615	Return of pledged sales tax
SMA	Golf Course Fund	385,000	Supplemental operating transfer
SMA	Street and Alley	452,000	Supplemental operating transfer
SMA	Water & Sewer Sales Tax Fund	187,500	Supplemental operating transfer
SMA	Parks & Recreation Fund	270,000	Supplemental operating transfer

3.H. ALLOCATION OF INDIRECT EXPENSES

Certain indirect expenses (expenses benefiting more than one function) have been allocated to specific functions in the Statement of Activities, while other indirect expenses have not been allocated.

Indirect expenses reported in the Statement of Activities under the functions of Administration & General Government have not been allocated for governmental purposes.

Indirect expenses of the proprietary funds, classified in the proprietary funds statement of revenues, expenses and changes in net position as General Government, Administration and Utility Collections have been allocated on a percentage of total revenues to the business-type activity functions in the Statement of Activities.

3.I. FUND BALANCES AND NET POSITION

Fund Balance

The following table shows the fund balance classifications as shown on the Governmental Funds Balance Sheet:

CITY OF SAPULPA

Restricted Net Position

The restricted for debt service net position of the business-type activities consists of restricted assets relating to revenue bond trustee accounts. The balance at June 30, 2016, is comprised of the following:

Enterprise Funds:	
2012 Revenue Bond Trust Accounts	\$ 38,164
2013 Revenue Bond Trust Accounts	<u>619,032</u>
Restricted per bond indenture	657,196
Less: Accrued interest payable	<u>(396,048)</u>
Total Restricted for Debt Service	<u>\$ 261,148</u>

NOTE 4. OTHER NOTES

4.A. EMPLOYEE PENSION AND OTHER BENEFIT PLANS

The City participates in three employee pension systems as follows:

<u>Name of Plan/System</u>	<u>Type of Plan</u>
Oklahoma Police Pension and Retirement Fund	Cost Sharing Multiple Employer - Defined Benefit Plan
Oklahoma Firefighters Pension and Retirement Fund	Cost Sharing Multiple Employer - Defined Benefit Plan
Oklahoma Municipal Retirement Fund (OMRF)	Agent Multiple Employer - Defined Contribution Plan

Oklahoma Police Pension and Retirement System

Plan description - The City of Sapulpa, as the employer, participates in the Oklahoma Police Pension and Retirement Plan—a cost-sharing multiple-employer defined benefit pension plan administered by the Oklahoma Police Pension and Retirement System (OPPRS). Title 11 of the Oklahoma State Statutes, through the Oklahoma Legislature, grants the authority to establish and amend the benefit terms to the OPPRS. OPPRS issues a publicly available financial report that can be obtained at www.ok.gov/OPPRS

Benefits provided - OPPRS provides retirement, disability, and death benefits to members of the plan. The normal retirement date under the Plan is the date upon which the participant completes 20 years of credited service, regardless of age. Participants become vested upon completing 10 years of credited service as a contributing participant of the Plan. No vesting occurs prior to completing 10 years of credited service. Participants' contributions are refundable, without interest, upon termination prior to normal retirement. Participants who have completed 10 years of credited service may elect a vested benefit in lieu of having their accumulated contributions refunded. If the vested benefit is elected, the participant is entitled to a monthly retirement benefit commencing on the date the participant reaches 50 years of age or the date the participant would have had 20 years of credited service had employment continued uninterrupted, whichever is later.

Monthly retirement benefits are calculated at 2.5% of the final average salary (defined as the average paid base salary of the officer over the highest 30 consecutive months of the last 60 months of credited service) multiplied by the years of credited service, with a maximum of 30 years of credited service considered.

Monthly benefits for participants due to permanent disability incurred in the line of duty are 2.5% of the participants' final average salary multiplied by 20 years. This disability benefit is reduced by stated percentages for partial disability based on the percentage of impairment. After 10 years of credited service, participants who retire due to disability incurred from any cause are eligible for a monthly benefit based on 2.5% of their final average salary multiplied by the years of service. This disability benefit is also reduced by stated percentages for partial disability based on the percentage of impairment. Effective July 1, 1998, once a disability benefit is granted to a participant, that participant is no longer allowed to apply for an increase in the dollar amount of the benefit at a subsequent date.

Survivor's benefits are payable in full to the participant's beneficiary upon the death of a retired participant. The beneficiary of any active participant killed in the line of duty is entitled to a pension benefit.

CITY OF SAPULPA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2016

Contributions - The contributions requirements of the Plan are at an established rate determine by Oklahoma Statute and are not based on actuarial calculations. Employees are required to contribute 8% percent of their annual pay. Participating cities are required to contribute 13% of the employees' annual pay. Contributions to the pension plan from the City were \$292,430. The State of Oklahoma also made on-behalf contributions to OPPRS in the amount of \$270,780 during the calendar year and this is reported as both expense and revenue in the General Fund Statement of Revenues, Expenditures, and Changes in Fund Balance. In the government-wide Statement of Activities, revenue is recognized for the state's on-behalf contributions on an accrual basis of \$286,626. These on-behalf payments did not meet the criteria of a special funding situation.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - At June 30, 2016, the City reported a liability of \$32,930 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2015. The City's proportion of the net pension liability was based on the City's contributions received by the pension plan relative to the total contributions received by pension plan for all participating employers as of June 30, 2015. Based upon this information, the City's proportion was 0.8076%.

For the year ended June 30, 2016, the City recognized pension expense of \$111,957. At June 30, 2016, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 182,092
Changes of assumptions	-	-
Net difference between projected and actual earnings on pension plan investments	-	126,714
Changes in proportion	-	21,884
City contributions during measurement date	2,173	-
City contributions subsequent to the measurement date	292,430	-
Total	<u>\$ 294,603</u>	<u>\$ 330,690</u>

The \$292,430 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as an increase/decrease of the net pension asset/liability in the year ended June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2017	\$ (138,703)
2018	(138,703)
2019	(138,703)
2020	104,533
2021	<u>(16,941)</u>
	<u>\$ (328,517)</u>

CITY OF SAPULPA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2016

Actuarial Assumptions-The total pension liability was determined by an actuarial valuation as of July 1, 2015, using the following actuarial assumptions, applied to all prior periods included in the measurement:

Inflation:	3%
Salary increases:	4.5% to 17% average, including inflation
Investment rate of return:	7.5% net of pension plan investment expense
Mortality rates:	Active employees (pre-retirement) RP-2000 Blue Collar Healthy Combined table with age set back 4 years with fully generational improvement using Scale AA.
	Active employees (post-retirement) and nondisabled pensioners: RP-2000 Blue Collar Healthy Combined table with fully generational improvement using scale AA.
	Disabled pensioners: RP-2000 Blue Collar Healthy Combined table with age set forward 4 years with fully generational improvement using Scale AA.

The actuarial assumptions used in the July 1, 2015, valuation were based on the results of an actuarial experience study for the period July 1, 2007, to June 30, 2012.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2015, are summarized in the following table:

<u>Asset Class</u>	<u>Long-Term Expected Real Rate of Return</u>
Fixed income	2.24%
Domestic equity	4.87%
International equity	7.68%
Real estate	5.47%
Private Equity	5.80%
Commodities	2.96%

The current allocation policy is that approximately 60% of assets in equity instruments, including public equity, long-short hedge, venture capital, and private equity strategies; approximately 25% of assets in fixed income to include investment grade bonds, high yield and non-dollar denominated bonds, convertible bonds, and low volatility hedge fund strategies; and 15% of assets in real assets to include real estate, commodities, and other strategies.

Discount Rate-The discount rate used to measure the total pension liability was 7.5%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at contractually required rates, determined by State statutes. Projected cash flows also assume the State of Oklahoma will continue contributing 14% of the insurance premium, as established by statute. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

CITY OF SAPULPA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2016

Sensitivity of the Net Pension Liability to Changes in the Discount Rate-The following presents the net pension liability of the employers calculated using the discount rate of 7.5%, as well as what the Plan's net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.5%) or 1-percentage-point higher (8.5%) than the current rate:

	1% Decrease 6.5%	Current Discount Rate 7.5%	1% Increase 8.5%
Employers' net pension liability (asset)	\$ 1,978,687	\$ 32,930	\$(1,607,478)

Pension plan fiduciary net position - Detailed information about the pension plan's fiduciary net position is available in the separately issued financial report of the OPPRS; which can be located at www.ok.gov/OPPRS .

Oklahoma Firefighters Pension and Retirement System

Plan description - The City of Sapulpa, as the employer, participates in the Firefighters Pension & retirement—a cost-sharing multiple-employer defined benefit pension plan administered by the Oklahoma Firefighters Pension & Retirement System (FPRS). Title 11 of the Oklahoma State Statutes grants the authority to establish and amend the benefit terms to the FPRS. FPRS issues a publicly available financial report that can be obtained at www.ok.gov/fprs.

Benefits provided - FPRS provides retirement, disability, and death benefits to members of the plan. Benefits for members hired prior to November 1, 2013 are determined as 2.5 percent of the employee's final average compensation times the employee's years of service and have reached the age of 50 or have complete 20 years of service, whichever is later. For volunteer firefighters, the monthly pension benefit for normal retirement is \$150.60 per month. Benefits vest with 10 years or more of service

Benefits for members hired after November 1, 2013 are determined as 2.5 percent of the employee's final average compensation times the employee's years of service and have reached the age of 50 or have complete 22 years of service, whichever is later. For volunteer firefighters, the monthly pension benefit for normal retirement is \$165.66 per month. Benefits vest with 11 years or more of service

All firefighters are eligible for immediate disability benefits. For paid firefighters, the disability in-the-line-of-duty benefit for firefighters with less than 20 years of service is equal to 50% of final average monthly compensation, based on the most recent 30 months of service. For firefighters with over 20 years of service, a disability in-the-line-of-duty is calculated based on 2.5% of final average monthly compensation, based on the most recent 30 months, per year of service, with a maximum of 30 years of service. For disabilities not-in-the-line-of-duty, the benefit is limited to only those with less than 20 years of service and is 50% of final average monthly compensation, based on the most recent 60-month salary as opposed to 30 months. For volunteer firefighters, the not-in-line-of-duty disability is also limited to only those with less than 20 years of service and is \$7.53 per year of service. For volunteer firefighters, the in-line-of-duty pension is \$150.60 with less than 20 years of service, or \$7.53 per year of service, with a maximum of 30 years.

A \$5,000 lump sum death benefit is payable to the qualified spouse or designated recipient upon the participant's death. The \$5,000 death benefit does not apply to members electing the vested benefit.

Contributions - The contributions requirements of the Plan are at an established rate determine by Oklahoma Statute and are not based on actuarial calculations. Employees are required to contribute 9% percent of their annual pay. Participating cities are required to contribute 14% of the employees' annual pay. Contributions to the pension plan from the City were \$378,189. The State of Oklahoma also made on-behalf contributions to FPRS in the amount of \$1,006,000 (modified-accrual); these on-behalf payments did not meet the criteria of a special funding situation. For full-accrual reporting the amount of on-behalf payments made were \$901,970.

CITY OF SAPULPA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2016

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - At June 30, 2016, the City reported a liability of \$10,493,224 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2015. The City's proportion of the net pension liability was based on the City's contributions received by the pension plan relative to the total contributions received by pension plan for all participating employers as of June 30, 2015. Based upon this information, the City's proportion was .9886% percent.

For the year ended June 30, 2016, the City recognized pension expense of \$856,319. At June 30, 2016, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 207,313	\$ -
Changes of assumptions	-	-
Net difference between projected and actual earnings on pension plan investments		782,195
Changes in proportion and differences between City contributions and proportionate share of contributions	-	152,767
City contributions during the measurement date	-	390
City contributions subsequent to the measurement date	378,190	-
Total	<u>\$ 585,503</u>	<u>\$ 935,352</u>

The \$378,189 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2017	\$ (271,570)
2018	(271,570)
2019	(271,570)
2020	113,158
2021	(18,144)
Thereafter	<u>(8,343)</u>
Total	<u>\$ (728,039)</u>

Actuarial Assumptions-The total pension liability was determined by an actuarial valuation as of July 1, 2015, using the following actuarial assumptions, applied to all prior periods included in the measurement:

Inflation:	3%
Salary increases:	3.5% to 9.0% average, including inflation
Investment rate of return:	7.5% net of pension plan investment expense

Mortality rates were based on the RP2000 combined healthy with blue collar adjustment as appropriate, with adjustments for generational mortality improvement using scale AA for healthy lives and no mortality improvement for disabled lives.

CITY OF SAPULPA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2016

The actuarial assumptions used in the July 1, 2015, valuation were based on the results of an actuarial experience study for the period July 1, 2007, to June 30, 2012.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2015, are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Fixed income	20%	5.13%
Domestic equity	42%	8.02%
International equity	15%	9.94%
Real estate	10%	7.47%
Other assets	13%	6.25%

Discount Rate-The discount rate used to measure the total pension liability was 7.5%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at contractually required rates, determined by State statutes. Projected cash flows also assume the State of Oklahoma will continue contributing 36% of the insurance premium, as established by statute. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate-The following presents the net pension liability of the employers calculated using the discount rate of 7.5%, as well as what the Plan's net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.5%) or 1-percentage-point higher (8.5%) than the current rate:

	<u>1% Decrease</u> 6.5%	<u>Current Discount</u> Rate 7.5%	<u>1% Increase</u> 8.5%
Employers' net pension liability	\$ 13,624,357	\$ 10,493,224	\$ 7,867,137

Pension plan fiduciary net position - Detailed information about the pension plan's fiduciary net position is available in the separately issued financial report of the FPRS; which can be located at www.ok.gov/fprs.

Related Party Investments

As of June 30, 2016, the Systems held no related-party investments of the City or of its related entities.

Defined Contribution Plan - Oklahoma Municipal Retirement Fund (OMRF)

The City has also provided a defined contribution plan and trust known as the City of Sapulpa Plan and Trust (the "Plan") in the form of The Oklahoma Municipal Retirement System Master Defined Contribution Plan (OMRF). OMRF operations are supervised by a nine-member Board of Trustees elected by the participating municipalities.

CITY OF SAPULPA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2016

The plan is administered by Bank One of Oklahoma City. The defined contribution plan is available to all full-time employees except those participating in state fire or police program. Benefits depend solely on amounts contributed to the plan plus investment earnings. Employees are eligible to participate on the employee's employment commencement date, and may make contributions to the plan up to 15% at their option. By City ordinance, the City, as employer, is required to make contributions to the plan, based upon employee contributions under the thrift option, at rates presently varying from 0% - 8% of covered payroll. The City's contributions for each employee (and interest allocated to the employee's account) are vested at a rate of 20% per year of completed service, thus fully vested after five years. City contributions for, and interest forfeited by, employees who leave employment prior to fully vesting shall be added to employer contribution. The authority to establish and amend the provisions of the plan rest with the City Council.

For the year ended June 30, 2016, the following amounts related to the defined contribution plan:

Employee contributions made	\$ 139,947
Employer (City) contributions made	\$ 148,938

Other Post-Employment Benefits

Plan Description: City provides post-retirement benefit options for medical and prescription drug benefits for retired employees and their dependents that elect to make required contributions. The benefits are provided in accordance with State law, police and firefighter's union contracts and the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). The relationship for these benefits is not formalized in a contract or plan document, only a few sentences in the administrative policy. These benefits are considered for accounting purposes to be provided in accordance with a single employer substantive plan. A substantive plan is one in which the plan terms are understood by the city and plan members. This understanding is based on communications between the employers and plan member and the historical pattern of practice with regard to the sharing of benefit costs. Police and Fire employees may become eligible for those post-retirement benefits if they reach normal retirement age while working for the City. As of June 30, 2016, approximately 14 retired employees are receiving benefits under this plan.

Funding Policy. The contribution requirement of the City is an implicit subsidy. The implicit subsidy is not a direct payment from the employer on behalf of the member but rather stems from retiree contribution levels that are less than the claims cost as retiree ages. Since claims experience for employees and non-Medicare eligible retirees are pooled when determining premiums, these retired members pay a premium based on a pool of members that, on average, are younger and healthier. There is an implicit subsidy from the employee group since the premiums paid by the retirees are lower than they would have been if the retirees were insured separately. The subsidies are valued using the difference between the age-based claims costs and the premium paid by the retiree. The amount required to fund the implicit rate is based on projected pay-as-you-go financing requirements. For fiscal year 2016, the City contributed \$39,910 to the plan. Plan members receiving benefits contributed \$122,651, or approximately 100 percent of the total premiums, through their required contribution of \$546.61-\$646.10 per month for retiree-only coverage, \$1,238.90-\$1,383.54 per month for retiree and spouse, \$1,036.84 per month for retiree and children, and \$1,806.35-\$1,818.68 per month for retiree and family.

Annual OPEB Cost and Net OPEB Obligation. The City's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the City's annual OPEB cost, the amount actually contributed to the plan, and changes in the City's net OPEB obligation for the year ended June 30, 2016:

CITY OF SAPULPA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2016

Annual required contribution	\$ 233,273
Interest on net OPEB obligation	38,977
Adjustment to annual required contribution	<u>(41,722)</u>
Annual OPEB cost (expense)	230,528
Contributions made	<u>(39,910)</u>
Increase in net OPEB obligation	190,618
Net OPEB obligation—beginning of year	<u>1,217,654</u>
Net OPEB obligation—end of year	<u><u>\$ 1,408,272</u></u>

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net unfunded OPEB obligation for the last three years were as follows:

<u>Fiscal Year</u>	<u>Annual OPEB Cost</u>	<u>Percentage of Annual OPEB Cost Contributed</u>	<u>Unfunded OPEB Obligation</u>
6/30/14	\$122,986	12.00%	\$1,017,530
6/30/15	\$230,528	17.00%	\$1,217,654
6/30/16	\$230,528	17.00%	\$1,408,272

Funded Status and Funding Progress. As of June 30, 2014, the most recent actuarial valuation date, the Plan was not funded. The actuarial accrued liability (AAL) for benefits was \$2,089,445, and the actuarial value of assets was zero, resulting in an unfunded actuarial accrued liability (UAAL) of \$2,089,445. The covered payroll (annual payroll of active employees covered by the plan) was \$10.2 million, and the ratio of the UAAL to the covered payroll was 20.48 percent.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions. Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the June 30, 2015, actuarial valuation, the projected unit credit cost method was used. The actuarial assumptions included a 3.80 percent investment rate of return (net of administrative expenses), which is a blended rate of the expected long-term investment returns on plan assets and on the employer's own investments calculated based on the funded level of the plan at the valuation date, and an annual healthcare cost trend rate of 5 percent. There were no assets to determine the actuarial value of assets. The UAAL is being amortized over a closed 30 year period as level payments. The remaining amortization period at June 30, 2016, was twenty-three years.

4.B. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; employees health and life; and natural disasters. The City manages these various risks of loss as follows:

<u>Type of Loss</u>	<u>Method Managed</u>	<u>Risk of Loss Retained</u>
a. Torts, errors and omissions; asset loss and natural disasters	Participation in Oklahoma Municipal Assurance Group risk entity pool	(1)
b. Injuries to employees (workers compensation)	Participation in Oklahoma Municipal Assurance Group risk entity pool	(2)
c. Employee health and life	Purchased commercial insurance through Community Care	No risk of loss

The City participates in the Oklahoma Municipal Assurance Group Liability Protection Plan and Worker's Compensation Plan (risk entity pool) as follows.

(1) Liability Protection Plan

The basic insurance agreements cover claims against municipalities for all government functions, utilities, and services covered in the Plan. These include bodily injury, property damage, wrongful acts, personal injury, and related torts under the state tort claims law and federal civil rights laws. All public officials, employees, services, and municipal functions are covered unless they are specifically listed as exclusions in the Plan.

The title to all assets acquired by the Plan are vested in the Group. In the event of termination of the Group, such property shall belong to the then members of the Group in equal shares. Each participating City pays all costs, premiums, or other fees attributable to its respective participation in the Plan, and is responsible for its obligation under any contract entered into with the Plan.

Reserves for claim losses include provisions for reported claims on a case basis and an estimate of claims incurred but not reported limited by aggregate and individual loss levels as specified by the Plan's reinsurance contracts. These credits, if any, represent contingent liabilities of the Plan if the reinsurer was unable to meet its obligations under the reinsurance agreement.

The Plan's insurance agreements are reinsured for excess losses based upon the contract year. The significant components of each reinsurance contract can be obtained from the Plan's annual financial report.

(2) Worker's Compensation Plan

The title to all assets acquired by the Plan are vested in the Plan. In the event of termination of the Plan, such property shall belong to the then members of the Plan in equal shares. Each participating city pays for all costs, premiums, or other fees attributable to its respective participation in the Plan, policy or service established under the agreement establishing the Oklahoma Municipal Assurance Group, and is responsible for its obligations under any contract entered into with the Plan.

Reserves for policy and contract claims provide for reported claims on a case basis and a provision for incurred but not reported claims limited to specific retention levels for each member as outlined in the Plan's reinsurance agreement.

CITY OF SAPULPA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2016

The Plan's worker's compensation coverage is reinsured for losses in excess of respective retention levels. The reinsurance agreement covers losses incurred within the effective period of the agreement. Each Plan member's liability for claims losses is limited to their individual retention levels as outlined in the Plan's reinsurance agreement.

Management believes such coverage is sufficient to preclude any significant uninsured losses to the City. Settled claims have not exceeded this insurance coverage in any of the past three fiscal years.

Claims Liability Analysis

The claims liabilities related to the above noted health and life risks of loss that are retained are reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. The City is no longer self-insured and the remaining balance represents run-off claims. For the risk management internal service self-insurance fund, changes in the claims liability for the City from July 1, 2012, to June 30, 2016, are as follows:

	<u>Health & Life</u>
Claim liability, June 30, 2013	\$ 15,221
Claims and changes in estimates	-
Claims payments	<u>(1,080)</u>
Claim liability, June 30, 2014	14,141
Claims and changes in estimates	-
Claims payments	<u>-</u>
Claim liability, June 30, 2015	14,141
Claims and changes in estimates	-
Claims payments	<u>-</u>
Claim liability, June 30, 2016	<u>\$ 14,141</u>
Assets available to pay claims at June 30, 2016	<u>\$ 71,430</u>

4.C. COMMITMENTS AND CONTINGENCIES

Commitments:

Construction Commitments

The City had the following construction commitments outstanding at June 30, 2016 with balances left on the contract:

1. Installation of Curb and Gutter, Drainage Inlets, Culverts, and Drives at Polson Industrial Park; Contractors – Ira M Green Construction.; original contract -\$207,791; remaining contract - \$18,586
2. Bryan Avenue Street Rehabilitation Project; Contractors – Ellsworth Construction, LLC; Original contract - \$2,077,875; remaining contract - \$306,500
3. South Hickory Relocation, Paving & Drainage Improvements; Contractors – Cherokee Pride Construction, Inc.; Original contract - \$637,732; remaining contract \$258,297

U.S. Army Corps of Engineer – Water Storage Space in Skiatook Lake

The City is under contract with the U.S. Army Corps of Engineer for the right to utilize an undivided 1.52 percent of the usable storage space in the Skiatook Lake Project. This storage space is to be used to impound water for anticipated future demand or need for municipal and industrial water supply. The City is also required to pay annual operations and maintenance (O&M) costs related to this contract. The total O&M costs paid during fiscal year 2015-2016 totaled \$22,801. See Note 3.F. for further debt disclosures.

Contingencies:

Grant Program Involvement

In the normal course of operations, the City participates in various federal or state grant/loan programs from year to year. The grant/loan programs are often subject to additional audits by agents of the granting or loaning agency, the purpose of which is to ensure compliance with the specific conditions of the grant or loan. Any liability for reimbursement which may arise as a result of these audits cannot be reasonably determined at this time.

Litigation

The City is a party to various legal proceedings which normally occur in the course of governmental operations. The financial statements do not include accrual or provisions for loss contingencies that may result from these proceedings. State statutes provide for the levy of an ad valorem tax over a three-year period by a City "Sinking Fund" for the payment of any court assessed judgment rendered against the City.

While the outcome of the above noted proceedings cannot be predicted, due to the insurance coverage maintained by the City and the State statute relating to judgments, the City feels that any settlement or judgment not covered by insurance would not have a material adverse effect on the financial condition of the City. This statutory taxing ability is not available to the City's public trusts (Authorities).

4.D. NEW ACCOUNTING PRONOUNCEMENTS

The GASB has issued several new accounting pronouncements, which will be effective in subsequent years. A description of the new accounting pronouncements, the fiscal year in which they are effective, and the City's consideration of the impact of these pronouncements are described below:

Statement No. 73, Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68 – GASB No. 73 was issued in June 2015 and establishes requirements for defined benefit pensions that are not within the scope of Statement No. 68, Accounting and Financial Reporting for Pensions, as well as for the assets accumulated for purposes of providing those pensions. In addition, it establishes requirements for defined contribution pensions that are not within the scope of Statement 68. It also amends certain provisions of Statement No. 67, Financial Reporting for Pension Plans, and Statement 68 for pension plans and pensions that are within their respective scopes. The requirements of this Statement that address accounting and financial reporting by employers and governmental nonemployer contributing entities for pensions that are not within the scope of Statement 68 are effective for financial statements for fiscal years beginning after June 15, 2016, and the requirements of this Statement that address financial reporting for assets accumulated for purposes of providing those pensions are effective for fiscal years beginning after June 15, 2015. The requirements of this Statement for pension plans that are within the scope of Statement 67 or for pensions that are within the scope of Statement 68 are effective for fiscal years beginning after June 15, 2015. At this time the impact to the city is unknown.

CITY OF SAPULPA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2016

Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans - GASB No. 74 was issued in June 2015, and replaces Statements No. 43, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans, as amended, and No. 57, OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans. It also includes requirements for defined contribution OPEB plans that replace the requirements for those OPEB plans in Statement No. 25, Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans, as amended, Statement 43, and Statement No. 50, Pension Disclosures. This Statement is effective for financial statements for fiscal years beginning after June 15, 2016. At this time the impact to the city is unknown.

Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions – GASB No., 75 was issued in June 2015, and addresses accounting and financial reporting for OPEB that is provided to the employees of state and local governmental employers. This Statement establishes standards for recognizing and measuring liabilities, deferred outflows of resources, deferred inflows of resources, and expense/expenditures. For a defined benefit OPEB, this Statement identifies the methods and assumptions that are required to be used to project benefit payments, discount projected benefit payments to their actuarial present value, and attribute that present value to periods of employee service. Note disclosure and required supplementary information requirements about defined benefit OPEB also are addressed. This Statement is effective for fiscal years beginning after June 15, 2017. The City has not yet determined the impact that implementation of GASB 75 will have on its net position, although it may be material. At this time the impact to the city is unknown.

GASB Statement No. 77, Tax Abatement Disclosures - GASB 77 was issued in August 2015, and establishes financial reporting standards for tax abatement agreements entered into by state and local governments. The disclosures required by this Statement encompass tax abatements resulting from both (a) agreements that are entered into by the reporting government and (b) agreements that are entered into by other governments and that reduce the reporting government's tax revenues. The requirements of this Statement are effective for financial statements for periods beginning after December 15, 2015. At this time the impact to the city is unknown.

GASB Statement No. 78, Pensions Provided Through Certain Multiple-Employer Defined Benefit Pension Plans
GASB 78 was issued in December 2015, and amends the scope and applicability of Statement 68 to exclude pensions provided to employees of state or local governmental employers through a cost-sharing multiple employer defined benefit pension plan that (1) is not a state or local governmental pension plan, (2) is used to provide defined benefit pensions both to employees of state or local governmental employers and to employees of employers that are not state or local governmental employers, and (3) has no predominant state or local governmental employer (either individually or collectively with other state or local governmental employers that provide pensions through the pension plan). This Statement establishes requirements for recognition and measurement of pension expense, expenditures, and liabilities; note disclosures; and required supplementary information for pensions that have the characteristics described above. The requirements of this Statement are effective for reporting periods beginning after December 15, 2015. The statement does not appear to affect the System's financial statements.

GASB Statement No. 79, Certain External Investment Pools and Pool Participants

GASB 79 was issued in December 2015, and addresses accounting and financial reporting for certain external investment pools and pool participants. Specifically, it establishes criteria for an external investment pool to qualify for making the election to measure all of its investments at amortized cost for financial reporting purposes. An external investment pool qualifies for that reporting if it meets all of the applicable criteria established in this Statement. The specific criteria address (1) how the external investment pool transacts with participants; (2) requirements for portfolio maturity, quality, diversification, and liquidity; and (3) calculation and requirements of a shadow price. Significant noncompliance prevents the external investment pool from measuring all of its investments at amortized cost for financial reporting purposes. Professional judgment is required to determine if instances of noncompliance with the criteria established by this Statement during the reporting period, individually or in the aggregate, were significant. The requirements of this Statement are effective for reporting periods beginning after June 15, 2015, except for certain provisions on portfolio quality, custodial credit risk, and shadow pricing. Those provisions are effective for reporting periods beginning after December 15, 2015. At this time, the impact to the System is unknown.

CITY OF SAPULPA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2016

GASB Statement No. 80, Blending Requirements for Certain Component Units

An Amendment of GASB Statement No. 14 – GASB 80 was issued in January 2016, and amends the blending requirements for the financial statement presentation of component units of all state and local governments. The additional criterion requires blending of a component unit incorporated as a not-for profit corporation in which the primary government is the sole corporate member. The additional criterion does not apply to component units included in the financial reporting entity pursuant to the provisions of Statement No. 39, Determining Whether Certain Organizations Are Component Units. The requirements of this Statement are effective for reporting periods beginning after June 15, 2016. At this time, the impact to the System is unknown.

GASB Statement No. 81, Irrevocable Split-Interest Agreements

GASB 81 was issued in March 2016, to improve accounting and financial reporting for irrevocable split-interest agreements by providing recognition and measurement guidance for situations in which a government is a beneficiary of the agreement. The System does not believe that GASB No. 81 will have significant impact on its financial statements.

GASB Statement No. 83, Certain Asset Retirement Obligations

GASB 83 was issued December 2016, will be effective for the City beginning with its fiscal year ending June 30, 2019. Under Statement No. 83, a government that has legal obligations to perform future asset retirement activities related to its tangible capital assets is required to recognize a liability and a corresponding deferred outflow of resources. The Statement identifies the circumstances that trigger the recognition of these transactions. The Statement also requires the measurement of an asset retirement obligation to be based on the best estimate of the current value of outlays expected to be incurred while the deferred outflow of resources associated with the asset retirement obligation will be measured at the amount of the corresponding liability upon initial measurement and generally recognized as an expense during the reporting periods that the asset provides service. The Statement requires disclosures including a general description of the asset retirement obligation and associated tangible capital assets; the source of the obligation to retire the assets; the methods and assumptions used to measure the liability; and other relevant information.

**CITY OF SAPULPA, OKLAHOMA
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
BUDGETARY COMPARISON SCHEDULE
For the fiscal year ended June 30, 2016**

Budget Law

The City has adopted the provisions of the Municipal Budget Act of 1979 (the “Budget Act”). In accordance with the Budget Act, the following process is used to adopt the annual budget:

- a. Prior to June 1, the City Manager submits to the City Council a proposed operating budget for the fiscal year commencing the following July 1.
- b. Public hearings are conducted to obtain citizen comments. At least one public hearing must be held no later than 15 days prior to July 1.
- c. Subsequent to the public hearings but no later than seven days prior to July 1, the budget is adopted by resolution of the City Council.
- d. By July 1, the adopted budget is filed with the Office of State Auditor and Inspector.

Per State law, the legal level of control at which expenditures may not legally exceed appropriations is the department level within a fund. All transfers of appropriation between departments and supplemental appropriations require City Council approval. The City Manager may transfer appropriations between object categories within a department without City Council approval. Supplemental appropriations must also be filed with the Office of State Auditor and Inspector. No departments exceeded appropriations.

Budgetary Accounting

The annual operating budgets are prepared and presented on the modified accrual basis of accounting.

However, for budgetary purposes, sales tax revenues, both dedicated and undedicated, are recognized first in the General Fund, with appropriated transfers out of the dedicated portions of sales tax to the respective dedicated sales tax funds. This differs from the City’s treatment of dedicated sales taxes in the basic financial statements which recognizes sales tax as revenue in the respective dedicated sales tax funds. Also, the State on-behalf payments for the police and firefighter’s pension are excluded in the budgetary schedule as are capital lease proceeds and related capital outlay.

The City utilizes encumbrance accounting under which all purchase orders, contracts, and other commitments for the expenditure of funds are recorded in order to reserve a portion of the applicable appropriation. Encumbrances outstanding at year-end are not considered expenditures for budgetary purposes since the City intends to honor the commitments and provide for supplemental appropriations in the following budget year. All appropriations lapse at year end.

CITY OF SAPULPA, OKLAHOMA
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
BUDGETARY COMPARISON SCHEDULE
For the fiscal year ended June 30, 2016

Explanation of Differences between Budgetary Inflows and Outflows and GAAP Revenues and Expenditures

	<u>General Fund</u>
Sources/Inflows of resources	
Actual amounts (budgetary basis) “total resources” from the budgetary comparison schedule	\$19,911,453
Differences – budget to GAAP:	
Sales tax recognized as inflows of budgetary resources but are not revenues for financial reporting purposes.	(6,644,291)
State payments made on-behalf of police and fire pension not considered a budgetary resource	1,276,800
Revenues from combined accounts:	
Hunting & Fishing Account	53,506
Hunting & Fishing Account– Transfer In	8,400
Library Account	187,360
Library Account – Transfer In	209,000
Swimming Pool Account	<u>168,105</u>
Total revenues as reported on the statement of revenues, expenditures, and changes in fund balance – governmental funds	<u>\$15,170,333</u>
Total Revenues – General Fund	\$10,492,255
Transfers In – General Fund	<u>4,678,078</u>
	<u>\$15,170,333</u>
Uses/Outflows of appropriations	
Actual amounts (budgetary basis) “total appropriations” from the budgetary comparison schedule	\$20,455,064
Differences – budget to GAAP:	
Transfer of sales tax to various funds recognized as outflows of budgetary resources but are not uses for financial reporting purposes.	(6,644,291)
State payments made on-behalf of police and fire pension not considered a budgetary expenditure	1,276,800
Capital lease expenditure – capital outlay	
Expenditures from combined accounts:	
Hunting & Fishing Account	58,221
Library Account	404,715
Swimming Pool Account	<u>163,092</u>
Total expenditures and transfers out as reported on the statement of revenues, expenditures, and changes in fund balance – governmental funds	<u>\$15,713,601</u>
Total expenditures – General Fund	\$13,282,736
Transfers out – General Fund	<u>2,430,865</u>
Total expenditures and transfers out – General Fund	<u>\$15,713,601</u>

CITY OF SAPULPA, OKLAHOMA
(SAPULPA MUNICIPAL AUTHORITY)
SCHEDULE OF DEBT SERVICE COVERAGE REQUIREMENTS
For the fiscal year ended June 30, 2015

	2012 and 2013 Refunding Revenue Bonds Coverage Requirement #1	2012 and 2013 Refunding Revenue Bonds Coverage Requirement #2
Gross Revenue Available for Debt Service:		
Operating revenues and investment income	11,084,176	11,084,176
Sales tax appropriated and transferred	-	4,022,615
	11,084,176	15,106,791
Total Gross Revenues Available		
Operating Expenses	4,964,475	4,964,475
Net Revenues Available for Debt Service	\$6,119,701	\$10,142,316
Debt Service Requirements:		
Average annual debt service	\$4,095,687	\$4,095,687
Coverage	1.49	2.48
Coverage Requirement	1.00	1.25

NOTE 1: Operating revenues consist of all water, wastewater, and sanitation revenues and investment income; operating expenses include all trust operating expenses, exclusive of depreciation, amortization and bad debt expense.

NOTE 2: According to the 2012 bond indenture, the Authority must meet two coverage requirements:
#1 - Net revenues (excluding sales tax) must at least equal 1.00 times the average annual debt service.
#2 - Net revenues plus sales tax transferred to the authority must at least equal 1.25 times the average annual debt service.
