MANAGER'S BUDGET MESSAGE

425 EAST DEWEY AVENUE P.O. BOX 1130 · SAPULPA,OK 74067

MEMO

TO: Honorable Mayor and City Councilors/Chairman and Trustees of

the Sapulpa Municipal Authority

FROM: Tom M. DeArman, City Manager/Trust Manager

Pamela Vann, Finance Director

DATE: June 5, 2014

SUBJECT: Consolidated FY 2014/2015 Budgets of the City of Sapulpa,

Sapulpa Municipal Authority, and related funds.

In accordance with the provisions of Article IV, Section 5(j) of the Sapulpa City Charter and the Oklahoma Municipal Budget Act, 11 O.S. Supp. 1997, § 17-201 et seq., as amended by the legislature, herein provided for your consideration, are the combined FY 13/14 budgets for the City of Sapulpa, Sapulpa Municipal Authority, and related funds.

FORMAT GUIDELINES

Legal Level of Control

The Municipal Budget Act requires that the budget adoption include a Budget Summary of all funds by revenue and expenditure object code totals, individual fund summaries by revenue and expenditure totals, departmental revenues and expenditures by object code totals and that all funds be identified by purpose. Other requirements, not enumerated in this narrative, are also complied with as presented herein.

The Council and Trust Authority establish the legal level of control, which governs staff in their ability to make transfers. Budget amendments are also required by statute for the supplemental and decrease of revenues and expenditures.

To comply with the current legal level of control established by the Council and Trust, the budget adoption is by object code totals for all funds rather than at a line item level.

The Resolutions limiting staff's ability to transfer within a department in the same fund but requiring Council/Trustee approval beyond that point have not been changed and should not ever be changed, in my opinion, to assure fiduciary control of the City's and Authority's finances.

SEGREGATION OF FUNDS

The General Fund and Sapulpa Municipal Authority Fund each contain a Summary of Revenues and Appropriations and the individual appropriations are depicted by department as required by the Municipal Budget Act. All other funds are grouped according to their purpose. The fund groupings and an explanation of each category of funds are explained below.

Dedicated Sales Tax Funds

Sales tax collections are distributed pursuant to Ordinance No's. 1205, 2229, 2475, and 2685. Ordinance No. 1205 directs that a sales tax of one percent shall be used for General Fund purposes. Ordinance No. 2475 directs that a two percent sales tax (2nd and 3rd penny) be distributed as follows:

General Fund	40.0%
Cemetery Maintenance Fund	2.5%
Public Library Fund	2.5%
Parks and Leisure Services Fund	5.0%
Fire Sales Tax Fund	2.5%
Police Sales Tax Fund	2.5%
Major Thoroughfare Fund	5.0%
Capital Improvements Fund	10.0%
Water and Sewer Improvement Fund	10.0%
Water Resources Fund	20.0%

Ordinance No. 2685 directs that a one-half cent Sales Tax be distributed to a dedicated Street Improvement Sales Tax Fund to improve streets, roads and bridges of the City of Sapulpa and to pay debt service connected with such improvements. Ordinance No. 2229 directs that a one-half cent sales tax be distributed to make capital improvements to the sanitary sewer treatment, collection, and disposal system, and to retire the debt service incurred for such purpose.

Except for the General Fund, I have grouped all of the dedicated funds into a separate section of the budget for easier tracking. In doing so, a person can easily "tie-

back" to the dedicated sales tax collection line items on the General Fund revenue side with the transfers to these funds through the General Fund Non-Departmental accounts.

The Capital Improvements Fund includes items/projects that are \$7,500 or greater in value and have an expected life span of three years or longer. This requirement is not required by ordinance, but was established in order to use this fund for more significant capital items and projects. The same requirement could not be placed on other dedicated sales tax funds because of (1) their lower percentage sales tax allocations; (2) the purpose of these funds as individually described by ordinance; and (3) the limited ability to list capital outlay items in the General Fund and Sapulpa Municipal Authority department budgets. Capital Outlay items, which are items less than \$7,500 but more than \$2,000 in value, have been listed in certain General Fund and SMA departmental accounts and are accompanied by Capital Outlay detail forms.

Statutory/Special Funds

Statutory/Special Funds contain all other funds that are either specifically required by statute or have been previously established by ordinance or resolution.

By enacting Resolution No. 2334, it was made possible that the interest accumulated in the General Obligation Bond Sinking Fund may be transferred, by budget resolution if not appropriated during the budget process, to the General Fund, the Sinking Fund, the Building Fund or the fund from which the investment was made, as is determined by the Manager to be in the best interest of the City, and in accordance with 62 O. S. § 348.1.

G.O. Bond Construction Funds

This section contains construction funds that have been established to complete capital projects as voted by the people. The City pays G.O. Bond project vendors direct from the construction fund for work completed after being approved by staff and Council.

Revenue Bond Constructions Funds

This section contains construction funds that have been established by various Revenue Bond Indentures. Revenue Bond construction proceeds are invested and held in rust at financial institutions for the stated bond issue purposes. Payment of Revenue Bond monies differs from G.O. Bond Construction Funds in the fact that Payment for work completed is paid by the trustee after approved by staff and Council.

BASIS FOR PREPARING BUDGET

The Municipal Budget Act requires that all non-proprietary funds be prepared on a cash basis, but enterprise fund budgeting can be performed on either a cash, modified accrual, or accrual basis.

The budget has been prepared on a modified accrual basis to more adequately reflect each year's cash receipts and expenditures. The annual audit, however, shows each fund on both a modified and accrual basis to reflect the overall economic resources and condition of all governmental and proprietary funds.

The Budget Calendar and resolutions governing budget transfers, budget amendments, and financial policies including operating reserve goals are all contained in the Reader's Guide section of the Budget Manual.

ANALYSIS OF FY 13/14 AND FY 14/15 REVENUE AND EXPENDITURES

The following narrative is intended to highlight significant budget variances in FY 13/14, as well as explain the correlation between FY 13/14 estimated expenditures and proposed FY 14/15 budget. For purposes of this narrative, only variances of significance will be discussed.

Wage adjustments for eligible non-uniform, non-contract employees were implemented effective December 7, 2013. Adjustments were also implemented for employees covered by the collective bargaining contracts retroactive to July 1, 2013. No additional wage adjustments were included in the FY 14/15 budget.

Increase in group health care costs increased approximately 8%, or \$165,000. In response to this increase, cost participation of the group health care expense by employees was also increased. Previously an employee paid 7.5% of the premium established. The proposed budget increased that cost participation to 10% for single coverage and 15% for the other coverage tiers.

GENERAL FUND (FUND 10)

Revenues

Total General Fund Revenues for FY 14/15, excluding transfers-in, are projected to be \$14,826,643 which is \$404,063 less than the FY 13/14 estimate of \$15,230,706 and \$376,844 more than the FY 13/14 budget of \$14,449,799.

FY 14/15 Sales Tax, the major source of General Fund revenues is budgeted at \$11,501,050 which is \$154,499, or 1.34% less than the FY 13/14 estimated revenue of \$11,655,549. The FY 14/15 Sales Tax budget is \$344,245, or 3% more than the \$11,156,805 budgeted in FY 13/14.

FY 13/14 estimated sales tax revenue is \$11,655,549, or 4.5% more than the FY 13/14 budget of \$11,156,805 and \$228,078, or 2% more than FY 12/13 actual collections of \$11,427,471.

Special Notation on FY 13/14 Sales Tax Projection and FY 14/15 Sales Tax Budget

The assumptions used for projecting the FY 13/14 sales tax collections as well as the basis used for arriving at the FY 14/15 sales tax budget are shown on the Sales Tax Spreadsheets referred to an Appendix A-1 through A-4 and located at the end of this budget message.

FY 13/14 sales tax collections are based on year to date actuals through the period May for March collections and are estimated for the remainder of the budget year at 4.51% above the monthly budget amount.

The FY 14/15 sales tax budget is based on a .75% increase over the previous 5 years average monthly collections. The totals for the previous years have ranged from a low of \$10,868,861 to a high of \$11,788,038.

Appropriations

Budgeted General Fund expenditures for FY 14/15, excluding transfers-out, have decreased by 1.6%, or \$197,343, under FY 13/14 estimated expenditures and only \$128,520, or 1%, under FY 13/14 budget.

SAPULPA MUNICIPAL AUTHORITY FUND (FUND 20)

Revenues

Total Trust Authority revenues in FY 14/15, excluding transfers-in and loan proceeds, are budgeted at \$10,211,377 or \$552,250 more than the FY 13/14 estimated revenue of \$9,659,127 and \$612,784 more than the FY 12/13 budget.

Notable Changes in Sapulpa Municipal Revenue

The FY 14/15 budget for Water, Sewer, and Taneha Sewer Revenues include a 7% increase in rates. This rate increase is necessary to keep up with the rate of inflation which results in higher prices in operating costs for materials and supplies. The FY 14/15 budget also includes a rate increase of approximately 3% for residential refuse customers and 19.05% for commercial refuse customers.

Appropriations

Total budgeted FY 14/15 expenditures for the Trust Authority, excluding transfers-out, reflect a 5.5% decrease under the FY 13/14 estimate, or \$589,038, and \$705,775, or 6.5%, below FY 13/14 budget. The reason for this is the reduction of debt service on the street related bonds. The debt service on these bonds is now budgeted in the Street Improvement Sales Tax Fund.

Conclusion and Forward Looking Management Concerns

During the preparation of the FY 14/15 budget several sources of dedicated revenue were used to provide funding for debt service which will not be available in the future. These funds are dedicated for the purpose of Capital Expenditures or Debt Service. Capital Projects were delayed or omitted in order to use for debt service. Total transfers amounting to \$571,514 were made from dedicated funds consisting of \$342,000 from the Capital Improvement Fund, \$121,609 from the Sewer System Development Fund, and \$107,905 from the Series 2012 Utility System Revenue Bond Fund. Also the remaining residual funds from the Insurance Fund in the amount of \$240,000 were transferred to the Sapulpa Municipal Authority Fund.

The above total amount of \$811,514 amounts to 7.9% of recurring revenues in the Sapulpa Municipal Authority Fund. As a result of this revenue not being available to offset costs in FY 15/16, another utility rate increase will likely be needed.

Despite the continuing budget challenges, staff and the City workforce will continue to serve you and the citizens of this great community with dedication.

Thank you for the opportunity to serve you.

Respectfully submitted,

Tom DeArman, City Manager

RESOLUTION NO. 434

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SAPULPA, OKLAHOMA, ADOPTING AND APPENDING A BUDGET FOR THE CITY OF SAPULPA, OKLAHOMA, RATIFYING AND THEREBY ADOPTING THE SAPULPA MUNICIPAL AUTHORITY BUDGET AND ADOPTING ALL OTHER FUNDS AS REQUIRED BY STATUTE OR ORDINANCE FOR THE YEAR BEGINNING JULY 1, 2014, AND ENDING JUNE 30, 2015.

WHEREAS, a budget for the fiscal year beginning July 1, 2014, and ending June 30, 2015, has been prepared by the City Manager; and

WHEREAS, said budget has been presented by the City Manager in compliance with the Sapulpa City Charter and Oklahoma Municipal Budget Act (the Act); and

WHEREAS, a public notice of a public hearing upon this budget has been duly and legally published as provided for in the City Charter and pursuant to the Oklahoma Municipal Budget Act; and

WHEREAS, this proposed budget has been filed with the City Clerk and the budget, upon adoption, will be filed with the State Auditor and Inspector and the Sinking Fund Estimate of Needs will be filed with the County Excise Board; and

WHEREAS, the provisions of the Municipal Budget Act (Section 17-201 through 17-216 of Title 11) of the Oklahoma Statutes have previously been adopted by resolution; and

WHEREAS, Section 17-209 A of the Act requires the Annual Budget to be adopted by the governing body no later than seven (7) days prior to the beginning of the fiscal year; and

WHEREAS, the accompanying Annual Budget documents set forth the estimated revenues and appropriations for each fund of the City of Sapulpa and Sapulpa Municipal Authority including all related funds and the revenues and expenditures of each fund and any departments contained therein are classified by object code source of revenues and expenditures as required by Section 17-213 of the Act; and

WHEREAS, the budget complies with Section 17-206 of the Act by including the following:

Budget Message

Resolution #34p

Actual revenues and expenditures for the immediate prior fiscal year

- Revenues and expenditures for the current fiscal year as shown by the budget for the current year as adopted or amended
- Estimate of revenues and expenditures for the budget year; and

WHEREAS, in accordance with Section 17-215 B of the Act, the City of Sapulpa Councilors has determined that expenditures and encumbrances may not be authorized that exceed the legal level of control by account category and that the transfer authority vested with the City Manager is limited as prescribed in (A) below.

- A. <u>Department within Fund</u>: The City Manager may transfer any unexpended and unencumbered appropriation or any portion thereof from one account to another within the same department except that no appropriation for debt service or other appropriation required by law or ordinance may be reduced below the minimums required. Said budget transfer amendments are allowed provided the sufficient justification is submitted, and the City Manager has approved.
- B. <u>Department to Department with Fund</u>: Transfers from one department to another department within the same fund, except debt service or other appropriations required by law, may be recommended by the City Manager but must be approved by the City Council prior to implementation.
- C. Amendments involving interfund transfers, supplemental amendments to account for unanticipated revenues and corresponding increases in appropriations, and amendments to decrease appropriations and corresponding revenues may be recommended by the City Manager but must be approved by the City Council prior to implementation.

All budget transfers and amendments shall be processed through the Finance Department and approved in accordance with the criteria as specified in Items A, B and C above.

In the case of all budget amendments requiring City Council approval, all such budget amendments shall be approved by Resolution, and

Resolution 4346

WHEREAS, for purpose of the FY 2014/2015 budget, the City Council has established a minimum estimated ending fund balance requirement of three percent (3%) for all funds except internal service funds and for those dedicated funds which are limited to expenditures for Capital Outlay and Debt Service only; and

WHEREAS, the discretion to lower the three (3%) minimum fund balance requirement rests solely with the City Council; and

WHEREAS, after full and final consideration, the public hearing as required by Section 17-208 of the Act has been held on said budget and it is in the opinion of the Mayor and City Council that this budget, as filed, is balanced and does meet the requirements of the City of Sapulpa for the proper and sustained operations of the City, Authority and related funds, and should be approved as presented.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF SAPULPA, OKLAHOMA, THAT:

<u>Section 1.</u> The Budget Summary, Fund Summaries and departmental expenditures as shown by the object code classifications totals be adopted as the FY 13/14 Operating Budget of the City of Sapulpa and, further that the City, as beneficiary of the Sapulpa Municipal Authority, ratifies and thereby adopts the Trust Budget for all Enterprise Funds.

Section 2. That the City Treasurer is authorized to invest any funds not needed for current use, whether operating funds or bond funds, in United States treasury bills and/or notes, savings accounts or Certificates of Deposit. All investments shall be made in accordance with law.

Section 3. All appropriations shall lapse at the end of the fiscal year.

Section 4. The minimum estimated ending fund balance requirement for all funds is hereby established at three percent (3%) for FY 2014/2015 with the exception of internal service funds and those dedicated funds which are limited to Capital Outlay and Debt Service expenditures only pursuant to Ordinance No. 2475.

Further, the discretion to lower the three percent (3%) minimum fund balance requirements rests solely with the City Council.

For purposes of achieving the three percent (3%) estimated ending fund balance, the calculation is applied only to recurring revenues and the transfer of dedicated sales tax with the exception of the General Fund which excludes the portion of the sales tax dedicated to other funds.

A RESOLUTION ESTABLISHING FINANCIAL POLICIES AND SETTING FORTH BASIC TENETS FOR OVERALL FISCAL MANAGEMENT OF THE CITY.

WHEREAS, the City Commission for the City of Sapulpa, Oklahoma, is vitally concerned with the fiscal policy of the City; and

WHEREAS, the Administration and Finance Committee has set forth to develop financial policies for the overall fiscal management of the City; and

WHEREAS, these financial policies, operating independently of changing circumstances and conditions, provide a framework for the decision-making process of the City and the Administration; and

WHEREAS, these financial policies provide guidelines for evaluating both current activities and proposals for future programs; and

WHEREAS, these financial policies are as follows:

I. OPERATING BUDGET POLICIES:

- A. The budget of each fund shall be prepared so that available funds meet or exceed budget expenditures.
- B. The budget will provide for adequate maintenance of capital plant and equipment and for their orderly replacement.
- C. The budget will provide for adequate funding for all retirement systems.
- D. The City will maintain a budgetary control system to identify deviations from the budget on a timely basis.
- E. The City Administration will prepare monthly reports comparing actual revenues and expenditures to budgeted and prior year amounts.
- F. Each utility of the City, including water and sewer, will maintain revenues which support the full cost of the utility.

Resolution #2106

- G. The City Manager, with the cooperation of all City departments, shall prepare a budget and submit it to the City Commission at least forty-five (45) days prior to the beginning of each fiscal year. The City Commission shall direct the budget to the Administration and Finance Committee for review and comment. Thereafter, the City Commission shall fix the time and place for a public hearing on the budget but no later than fifteen (15) days prior to the beginning of the budget year. Upon completion of the public hearing and at least seven (7) days prior to the beginning of the budget year, the City Commission shall adopt the budget by Resolution.
- H. The City budget may be amended and appropriations altered, when determined to be a case of public necessity. Budget adjustments, which are changes with appropriated amounts, are done during the fiscal year in accordance with the policy as established by the Budget Adoption Resolution and/or as otherwise required by law.

II. CAPITAL IMPROVEMENT BUDGET POLICIES:

- A. The City will attempt to make capital improvements in accordance with an adopted capital improvements plan.
- B. The City will develop a five (5) year plan for capital improvements and update it annually.
- C. The City will enact an annual capital budget based on a five (5) year capital improvement plan. Future capital expenditures necessitated by changes in population, changes in real estate development, or changes in economic base will be calculated and included in capital budget projections.
- D. The City will coordinate development of the capital improvement budget with development of the operating budget. Future operating costs associated with new capital improvement will be projected along with total acquisition costs of each capital improvement and included in operating budget forecasts.

Resolution \$ 2106

- E. The City will use intergovernmental assistance to finance those capital improvements that are consistent with the capital improvement plan and City priorities, and whose operating and maintenance costs have been included in the operating budget forecasts.c
- F. The City will maintain all its assets at a level adequate to protect the City's capital investment and to minimize future maintenance and replacement costs.
- G. The City Administration will identify the estimated costs and potential funding sources for each capital project proposal before it is submitted to the City Commission for approval.
- H. The City will determine the least costly financing method for all new projects.
- I. The five (5) year plan for capital improvements, upon completion by staff and INCOG, shall be made available to the City Commission and to the public prior to discussions concerning the proposed program. A public hearing shall be held each year to allow any citizen to be heard—that is, for or against any project or the amount of any project. The five (5) year plan for capital improvements shall be adopted annually, within the context of the budget, by a present majority vote of the City Commission. Once the City has approved the capital improvement plan, substantial or material changes to the program shall be reviewed and approved by the City Commission.

III. DEBT POLICIES:

- A. The City will confine long-term borrowing to capital improvements or projects that can not be financed from current revenues.
- B. When the City finances capital projects by issuing bonds, it will pay back the bonds within a period not to exceed the expected useful life of the project.
- C. Where possible, the City will use special assessment, revenue, or other self-supporting bonds instead of general obligation bonds.

Kesslution 2106

- D. The City will not use long-term debt for current operations.
- E. The City will maintain good communications with bond rating agencies about its financial condition. The City will follow a policy of full disclosure on every financial report and bond prospectus.

IV. REVENUE POLICIES:

- A. A primary objective of the City will be to maintain a diversified and stable revenue system to shelter it from short-run fluctuation in any one revenue source.
- B. The City will estimate its annual revenues by an objective, analytical process.
- C. The City will project revenues for the next three (3) years and will update this projection annually. Each existing and potential revenue source will be re-examined.
- D. The City will attempt to establish user charges and fees at a level related to the cost of providing the services.
- E. Each year, the City will recalculate the full costs of activities supported by user fees to identify the impact of inflation and other cost increases.
- F. The City will automatically revise user fees with approval of the City Commission to adjust for effects of inflation.
- G. The City will set fees and user charges for each enterprise fund such as water or sewer at a level that fully supports the total cost of the activity.

V. RESERVE POLICIES:

A. The City and its public trusts included in the annual operating budget shall strive to eliminate the use of fund balance or other non-receiving revenues to balance the operating budget. The city and its public trusts will not borrow from any external source to fund on-going operations, except as provided by state law.

In order to meet unexpected needs and to minimize the disruption caused by decreases in revenues and or increases in expenditures from year to year, certain funds shall maintain operating reserves. These fund types and their desired minimum reserve levels are as follows:

FUND TYPE

MINIMUM DESIRED RESERVE FUND

General Fund

10% of Prior Fiscal Year

recurring revenues

Enterprise Fund

10% of Prior Fiscal Year

recurring revenues

The actual desired reserve levels may fluctuate annually depending upon the actual overall financial condition of the City and included public trust, but should not drop below the above noted minimum desired levels.

VI. INVESTMENT POLICIES:

- A. The City will make a cash-flow analysis of all funds on a regular basis. Disbursements, collections, and deposit of all funds will be scheduled to insure maximum cash availability.
- B. The City will analyze market conditions and investment securities regularly to determine what yield can be obtained.
- C. The City will obtain the best possible return on all cash investments which are allowable by Oklahoma law.
- D. The accounting system will provide regular information concerning cash position and investment performance.
- E. The City will make only investments authorized under Oklahoma law.
- F. The City Treasurer is delegated with responsibility for the investment program of the City.

Resolution \$2106

VII. ACCOUNTING, AUDITING AND FINANCIAL REPORTING POLICIES:

- A. <u>Budgetary Basis of Accounting</u> For budget preparation purposes, the City and included public trusts will prepare each fund's budget on the modified accrual basis to more adequately reflect each years current financial resources.
- B. <u>Auditing Policies</u> The annual audit will show all funds on a modified accrual and accrual basis to reflect current financial resources as well as to reflect the overall economic resources of each fund and to conform to accounting standards for general government and proprietary funds.

C. Financial Reporting Policies:

- 1. The City will establish and maintain a high degree of accounting practices. Accounting systems will conform to accepted principles and standards of the Municipal Finance Officers Association and the National Committee on Governmental Accounting.
- An annual audit will be performed by an independent public accounting firm with the subsequent issue of an official annual financial statement.
- 3. Regular monthly and annual financial reports will compare the prior year with the current year budget including any revisions.
- 4. Purchases shall be made in accordance with the City's purchasing policies and applicable state laws.
- 5. The City shall make arrangements for prompt payment, upon receipt of a proper invoice, when due.
- 6. The City will use proper and timely collection methods for all monies owed to it.

Resolution # 2106

GLOSSARY OF TERMS

Accrual Accounting — Basis of accounting where transactions are recognized in the financial statements when they occur, regardless of when cash is actually received or spent.

· Accrued Expenses - Expenses incurred but not due until a later date.

Activity - The part of a division charged with a specific provision of a City service.

Actual - Denotes final audited revenue and expenditure results of operations for the fiscal year indicated.

Administrative Services – Administrative service charges are allocated to the Utility Enterprise Fund for indirect management and administrative support given by General Fund departments.

Adopted – Denotes City Commission approved revenue and expenditure estimates for the fiscal year indicated.

Ad Valorem Tax - Tax computed from the taxable valuation of land and improvements.

Appraised Value - To make an estimate of value for the purpose of taxation.

Appropriation – An authorization by the City commission, which allows officials to incur obligations and to make payments for specified purposes. Appropriations are limited in amount and to the time when they be expended.

Appropriation Ordinance - Official enactment by the legislative body establishing the legal authority for officials to obligate and expend funds.

Assessed Valuation – The total valuation of land and improvements less all property exempt from tax. It is used by the government as a basis for levying taxes.

Assets - Any item of economic value owned by the City; vehicles, land, etc.

Audit – An examination of the books and records of a City to determine financial status and results of operations (excess and loss).

Balance Sheet – A financial statement that presents the assets, liabilities, reserves and balances of a specific governmental fund as of a specified date.

Bond- A written promise to pay two things:

- 1. A principle amount on a specified date;
- 2. A series of interest payments, usually semi-annually during its life.

Budget – An itemized schedule of estimated government revenues and expenditures covering the fiscal year, prepared in advance as a guide for government expenditures.

Budget Message — The opening section of the budget which provides the City Commission and the public with a general summary of the most important aspects of the budget, changes from the current and previous fiscal years, and the views and recommendations of the City Manager.

Budgetary Control - Control of management of the organization in accordance with an approved budget for the purpose of keeping expenditures within the limitations of available appropriations and revenues.

Budgeted Funds – Funds that are planned for certain uses that have been formally or legally appropriated by the City Commission.

Callable - That which must be paid upon demand, as a loan.

Capital Budget – A proposed plan for financing long term work projects that lead to the physical development of the city; usually based on the Capital Improvement Program.

Capital Improvement Program – A plan to finance major infrastructure development and improvement funded through General Obligation Bonds and Revenue Bonds.

Capital Outlay - Expenditure which results in the acquisition of or addition to fixed assets.

Cash Accounting – A basis of accounting in which transitions are recorded when cash is either received or expended for goods and services.

Certificates of Obligation - Method of issuing short-term debt.

City Charter – A document of a home rule city similar to a constitution. The City Charter establishes the City's government structure and provides for the distribution of powers and duties among the various branches of government.

Cost - Amount of money or other consideration exchanged for property or services (expenses).

Covenant - A binding agreement or contract.

Debt Service Fund — This fund accounts for the accumulation of financial resources needed to meet the requirements of general obligation debt services and debt service reserves.

Delinquent Taxes - Taxes remaining unpaid on and after the date on which a penalty for non-payment is attached.

Department — An administrative division of the city, which indicates overall management responsibility for an operation or a group of related operations within a function area. An example would be the Urban Development Department.

Depreciation — The portion of the cost of a capital asset, within the proprietary fund types, which is charged as an expense during a particular period.

Disbursement - Payment for goods and services in cash or by check.

Division — An organizational level within a Department. An example would be the Janitorial Services division within the City Clerk Department.

Encumbrance - The commitment of appropriated funds to purchase an item or service.

Enterprise Fund – Set up similar to a private business fund. The city recovers the cost of providing a service through user charges. Also known as a proprietary fund. An example of this type of fund would be the Utility Fund.

Estimated Revenue - The amount of projected revenues to be collected during the fiscal year.

Exempt – Personnel not eligible to receive overtime pay and who are expected to put in whatever hours are necessary to complete their job assignments. Compensatory time off, as partial compensation for overtime hours worked may be allowed by the respective department head.

Expenditures - Non-enterprise funds paid or to be paid for an asset obtained or goods/services received.

Expenses – Outflow of enterprise funds paid or to be paid for an asset obtained or goods/services received.

Fiduciary Fund – The funds that account for assets held by the city in a trustee or agency capacity.

Fiscal Fee - Fee made to financial (or other) institutions for finance related services.

Fiscal Policy – Reflects a set of principals for the planning and programming of government budgets. Changes in the level of taxes, the rate of government expenditures or the budget deficit are all possible instruments of fiscal policy.

Fiscal Year – Any yearly accounting period without regard to its calendar year. The City of Sapulpa has specified July 1 through June 30 its fiscal year.

Fixed Assets – Assets of a long-term character which are intended to continue to be held or used, such as land, buildings, improvements other than buildings, machinery and equipment.

Forfeitures and Fines - Payment as a penalty for non-compliance.

Franchise Fee – Fee levied by the City Commission on businesses, which use City property or right-of-ways.

Full Faith and Credit – A pledge of the general taxing power of a government to repay debt obligations. This term is usually used in reference to General Obligation Bonds.

Full Funding - Term used to designate full year payment for personnel or other budget items.

Fund – Established for segregating revenues and other resources into independent entities, for the purpose of carrying on specific activities. An example of a fund is the Street and Alley Fund.

Fund Balance – The excess of a fund's current assets over its current liabilities; sometimes called working capital in enterprise funds.

General Fund - The main operating fund of the City.

General Ledger – A file that contains the accounts needed to reflect the financial position and the results of operations of the City.

General Obligation Bonds — Bonds sold and guaranteed by the government entity, which issues the bonds; they are backed by the government's full faith and credit to the repayment of the bonds it issues.

General Obligation Debt – Monies owed on interest and principal to holders of the City's General Obligation bonds. Supported by revenue provided from real property, which is assessed through the taxation power of the local government unit.

Grant – A contribution by the government or other organization to support a particular function. Typically, these contributions are made to local governments from state or federal governments.

Income – A Term used in proprietary fund type accounting to represent 1) revenues or 2) the excess of revenues over expenses.

Indirect Costs - Costs not directly attributable to providing a product or service. Usually these are support costs.

Inflation - A persistent rise in the general price level that results in a decline in the purchasing power of money.

Infrastructure - That portion of a City's assets located at or below ground level; including the water system, sewer system, and streets

Interest and Sinking Revenues – Accounts for the portion of taxes assessed for the Debt Service Fund to retire the City's debt.

Interest Earning - Earnings from available monies invested during the year.

Interest Judgments - Represents tax suits filed for unpaid real and personal property taxes.

Interfund Transfers - Amounts transferred from one fund to another.

Intergovernmental Revenue - Received from another government for a specified purpose.

Investments – Securities and real estate held for the production of revenues in the form of interest, dividends, rentals, or lease payments. The term does not include fixed assets used in governmental operations.

Liabilities – Debt or other legal obligations arising out of transactions in the past which must be liquidated, renewed, or refunded at some future date.

Modified Accrual Basis – This method of accounting is a combination of cast and accrual accounting since expenditures are immediately incurred as a liability while revenues are not recorded until they are actually received or are "measurable" and "available for expenditure". This type of accounting basis is conservative and is recommended as the standard for most governmental funds.

Municipal - Pertains to a city or government.

Non-departmental Expense – Expenditures for professional services and other general government functions, which cannot be allocated to individual departments, are assigned to miscellaneous/non-departmental expenses.

Operating Budget – Plans of current expenditures and the proposed means of financing them. It is the primary means by which most of the financing, acquisition, spending, and service delivery activities of a government are controlled.

Operating Fund - A set of self-balancing accounts used to pay current, on-going expenditures.

Operation and Maintenance Revenues – Accounts for the portion of taxes assessed for the Maintenance and Operation of General Fund Services.

Ordinance – A direction or command of an authoritative nature. The term is used for the laws adopted by a municipality.

Performance Measurements – Specific quantitative and qualitative measures of work performed. An example would be response time for the Police or Fire Department.

Program Analysis - A summation of major program changes.

Proprietary Fund — Funds that establish revenue-based fees and charges based on recouping the cost of services provided. Also called an Enterprise Fund.

Property Tax – Taxes levied on both real and personal property according to the property's valuation and the tax rate.

Pro-Rata Charge – Fee charged on the cost of an installed water line pro-rated based on front footage of the property line. This is a one-time fee.

Reserve/Contingency Account – A budgetary reserve set aside for unforeseen events occurring during the fiscal year.

Resolution – A formal statement of opinion or determination adopted by an assembly or other formal group.

Resources – Total dollars available for appropriations, including estimated revenues, fund transfers, and beginning fund balances.

Revenue – Funds that the City receives as income. It includes such items as tax payments, fees from specific services, receipts from other governments, fines, forfeitures, grants, shared revenues, and interest income.

Revenue Bonds – Bonds secured only by revenue from particular projects built or maintained by local governments. An example would be the Water and Sewer system.

Sales Tax – Levied on all persons and businesses selling merchandise in the city limits on a retail basis. Monies collected under authorization of this tax are for the use and benefit of the City.

Special Assessments – A compulsory levy made against certain properties to defray part or all of the cost of a specific improvement or service deemed to primarily benefit those properties.

Special Revenue Fund – Fund such as the Parks and Recreation Fund. These funds are set up to keep track of segregated revenue activities.

Tax Levy - Imposing or collecting a tax.

Tax Rate – The percentage applied to all taxable property value for purposes of raising municipal revenue. It is derived by dividing the total tax levy by the taxable net property valuation.

Tax Rate Limit – The maximum rate at which a government may levy a tax. The limit may apply to taxes raised for a particular purpose, or to taxes imposed for all purposes, and may apply to a single government, to a class of governments, or to all governments operating in a particular area, overall tax rate limits usually restrict levies for all purposes and of all governments, state and local, having jurisdiction in a given area.

Tax Roll - Official list showing the amount of taxes levied against each taxpayer or property.

Taxes – Sums imposed by a government for services performed for the common benefit of the people.

Taxes Current - Taxes levied that are due within one year.

Taxes Prior Years - Taxes which remain unpaid after the date on which a penalty for non-payment is attached.

City Manager Administrative Department

Fund 10-502 City Manager

Program Description, Objectives, and Analysis:

The City Manager is the Chief Executive Officer for the City of Sapulpa and is directly responsible to the City Council.

The City Manager is responsible for overseeing the enforcement of City policies, ordinances, administrative rules, and State laws as well as directing City departments and employees; while maintaining an "open door" forum for residents, employees and other interested parties to discuss City policies, concerns and requests.

The City Manager is in direct charge of the Finance Department and the Personnel Department, exercising whatever supervision as he may deem necessary. Working closely with the Finance Department, the City Manager is responsible for submitting an annual budget, projecting revenues and expenses and presenting it to the City Council. The City Manager must recognize the changing needs of the City and the desires of the citizens, while maintaining the financial stability of the City of Sapulpa.

Ongoing long term responsibilities for the City Manager include continually evaluating the options available for improvement to the Community and the possibilities of annexing additional land suitable for development, all the while assuring that City departments provide the highest quality of service, efficiency and effectiveness, for the general public.

Program Description, Objectives, and Analysis:

The Administration Department headed by the Assistant City Manager provides the personal contact with citizens and the community; to keep them informed of the current projects, development issues, accomplishments and anticipated improvements for the City of Sapulpa, while managing the Sapulpa Municipal Authority's property and affairs on a day to day basis.

This department is responsible for overseeing several divisions of the City, as an example the Public Works Department; which is comprised of Utility Maintenance, Water and Sewer Improvement, Street and Alley, Solid Waste Disposal, Water Treatment and Waste Water Treatment, Utility Collection, Central Garage, Parks and Recreation, Golf Course, Cemetery and the Library. These departments strive to minimize operational costs and provide as many services "in house" as possible.

Administration wants to make the City of Sapulpa a safer and more attractive place to live and work, provide the highest quality of service, continue to improve our efficiency and effectiveness and to provide a Community that the citizens of Sapulpa can be proud to be a part of and encourage new development for future expansion.

Utility Collection Department Billing, Collection, Service Program

Fund 20-523 Utility Collection

Program Description, Objectives, and Analysis:

The Utility Collection Department's main goal is to efficiently and accurately administer the timely monthly billing to utility customers; these billings include charges for water, sewer, solid waste and related service charges.

Over 67,000 accounts are maintained by staff with monthly billings, collection efforts, service calls, routine meter maintenance and a meter replacement schedule, to ensure accuracy of all water meters in the City. Service people collect the meter data for billing purposes and this timely information is downloaded for each of the three districts.

Efficient and effective customer relations are very important roles for staff, as they assist customers with various inquiries and problems. New accounts are established, current accounts are transferred or closed, landlord accounts and water only and solid waste only accounts are established on a daily basis.

Coordinated efforts to collect overdue charges, provide for leak adjustments and establish terms for payments are exhausted, prior to the monthly late notice and final disconnection of service due to non-payment.

Water Treatment Department Treatment, Storage, Pumping Program

Fund 20-524 Water Treatment Plant

Program Description, Objectives, and Analysis:

The Water Treatment Department provides potable water (safe and desirable to drink) to over 67,000 accounts throughout the City of Sapulpa. Water Treatment is a 24 hour, 365 days a year service provided to the citizens of Sapulpa.

Sapulpa relies on surface water from Lake Sahoma and Lake Skiatook. This water is treated using disinfection and filtration processes to remove or reduce harmful contaminants.

The Safe Drinking Water Act (SDWA) is the main federal law that ensures the quality of drinking water, setting strict standards for 90 contaminants. The Environmental Protection Agency (EPA) sets a legal limit for each of these contaminants, called a maximum contaminant level; water suppliers may not provide water that does not meet these standards.

Continued growth, expanding service areas and additional usage increases the water demand and needs of our customers. To better our service to you, the citizens of Sapulpa, we are continually making improvements such as a new Clearwell, new pumping station and new 24 inch water lines.

City of Sapulpa

Waste Water Treatment Department Management, Treatment, Disposal Program

Fund 20-525 Waste Water Treatment

Program Description, Objectives, and Analysis:

The Waste Water Treatment Department analyzes and treats wastewater collected from industries, restaurants, local business and domestic residences for the City of Sapulpa.

The City currently has 10 "lift stations" with 2 additional ones not on line at the present time. These lift stations are monitored and maintained on a daily basis; due to their importance of providing gravity flow for the distribution system.

The Waste Water Treatment Department is responsible for maintenance at the Plant and the management of bio-solids (sludge). Testing and analysis is required to meet the standards established by the Environment Protection Agency (EPA) and the Department of Environmental Quality (DEQ) prior to it being transported for disposal.

The City of Sapulpa currently transports this sludge using a truck purchased specifically for this operation. Daily runs to the landfill helps to minimize operational costs.

### City of Sapulpa

Cemetery Department Burial, Weed Abatement, Program

### **Fund 31-531 Cemetery Department**

### **Program Description, Objectives, and Analysis:**

The Cemetery Department has a very important role for the City of Sapulpa and surrounding communities, working closely with the local funeral homes and families and friends of the deceased in their time of sorrow. Assistance is given in the selection of gravesites, while overseeing the operational aspect of gravesite preparation, services, use of the Chapel and final back filling of the grave.

The Cemetery Department is also responsible for the maintenance, mowing and other upkeep of all cemetery grounds, buildings, weed and pest control, trees and shrubs.

Providing assistance to other City departments is also a function of this department, weed abatement on private property, trenching, grubbing, mowing right-of-ways, drainage ditch maintenance, masonry and plumbing, carpentry and construction are only a few of the jobs performed when working on special projects for the City Manager.

The Cemetery department's weekly maintenance program is essential to assure that all equipment is operating at peak performance.

### City of Sapulpa

Library Services Literacy, Genealogy, Research Program

### Fund 34-534 Library Department

### **Program Description, Objectives, and Analysis:**

The City of Sapulpa's Library, "Bartlett Carnegie" provides a visible public service affording the citizens with access to needed information, kindling a love of reading, encouraging learning, providing computer usage and training, assisting with family genealogy, tracing history and extending to the public an opportunity for self-improvement.

The department plans, schedules, budgets and executes the expenditure of revenue received from the dedicated sales tax (2.5% of the second and third penny), State Aid Grants, fines, transfers in the Sapulpa Municipal Authority and other sources. The funds provide for the maintenance and operation of the facility, purchase of new books, staff, sponsored programs for children, youth and adults, up to date computer technology and free access to knowledge.

This department's goal is to deliver cost effective, responsive information services, educational information and materials accessible to citizens of all ages.

Utility Maintenance Department Maintenance, Repair, Replacement Program

#### **Fund 46-546 Utility Maintenance Department**

#### **Program Description, Objectives, and Analysis:**

The Utility Maintenance Department for the City of Sapulpa is responsible for maintaining the water distribution, storm drainage and wastewater collection systems.

The water distribution system is comprised of water lines throughout the City providing potable water, fire hydrants for fire protection, valves to control water flow, service lines to residences, businesses and industries. Water meters 5/8, 1 inch, 2 inch, etc. are installed and maintained by this department. Service taps are repaired, replaced and installed in all new developments throughout the City, 24 hour emergency service is provided to ensure adequate water supply to all customers.

Sewer lines are repaired or replaced, flow is monitored, manholes are repaired, water lines are replaced, and leaks are repaired all as part of the program to provide service to the citizens of Sapulpa.

Storm Water Management Department Pollutants, Drainage Program

#### Fund 29-529 Storm Water Management

#### **Program Description, Objectives, and Analysis:**

The Storm Water Management division coordinates with INCOG and ODEQ, locates streams and potential discharging facilities and assesses management of pollutants.

The citizens of Sapulpa will be educated on household chemical storage and disposal, septic tank maintenance, construction erosion control, water quality, recycling and reuse through training programs, brochures, school events, storm-drain marking and stream monitoring.

This department will develop inspection schedules and identify priority areas, conduct commercial facility inspections and track pollutants in the Municipal Separate Stormwater Sewer System (MS4).

EPA regulations require Phase II cities to implement comprehensive programs that address all six "Minimum Control Measures" including public education and participation, detection and elimination of pollutants entering storm drain systems, construction and post-construction controls of sediment and chemicals and in-house management of pollutants.

Street and Alley Department
Maintenance, Repair, Renovate Program

#### Fund 30-530 Street & Alley

#### **Program Description, Objectives, and Analysis:**

The Street and Alley Department is responsible for street and alley maintenance, repair, renovation, construction, grading, curbing, sidewalks, storm drainage, storm clean-up, tree trimming, installation and repair of street signs, light fixtures in traffic signal lights, pot hole patching, spot surface repairs, street cut repairs, repair of sub-base, gutter installation, and street sweeping all funded by revenue received from the gasoline excise tax and motor vehicle tax.

This department helps to assure and improve safety for the citizens traveling on our public streets, through their ongoing and cost effective rehabilitation, implementation, coordination and maintenance program.

The Street and Alley Department provides the manpower and operates the equipment to maintain streets including those of concrete, asphalt, chip seal and gravel construction and responds to emergency calls as situations merit.

Golf Course Department Maintenance, Mowing Program

#### Fund 33-533 Golf Course

#### **Program Description, Objectives, and Analysis:**

The Golf Course Department provides the proper maintenance and upkeep of all Golf Course grounds, according to City policies, regulatory requirements and the requirements of the PGA.

The supervision of the irrigation system and its daily watering program is essential for the proper irrigation of all Golf Course grounds. Safe application of chemicals such as pesticides, herbicides and fertilizers are monitored to be in compliance with all State and Federal Laws.

Mowing, aeration, top dressing, seeding, rebuilding greens and tees, planting trees, repairing the irrigation system, maintaining the cart paths, servicing the pump system and coordinating with the Golf Pro for special events, are only a few of the activities in a weekly schedule.
